Additional factors that could cause actual results to differ materially from those expressed in the forward-looking statements are described in H&R Block's 2020 Annual Report, the risk factors described under the caption "Risk factors," as well as additional factors we may describe from time to time in other filings with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act, as referenced in "Where you can find more information." You should understand that it is not possible to predict or identify all such factors, and, consequently, you should not consider any such list to be a complete set of all potential risks or uncertainties. In light of the significant uncertainties inherent in the forward-looking statements included or incorporated by reference in this prospectus supplement or the accompanying prospectus, you should not regard the inclusion of this information as a representation by us or any other person that the performance, events or developments described in those statements or objectives and plans will occur. Recent developments

COVID-19 impacts

As a result of the COVID-19 pandemic, on March 21, 2020, the federal tax filing deadline in the U.S. for individual 2019 tax returns was extended from April 15, 2020 to July 15, 2020, and substantially all U.S. states with an April 15 individual state income tax filing requirement similarly extended their respective deadlines. In Canada, the deadline for individuals to file was extended to June 1, 2020. In addition, governments around the world have taken a variety of actions to contain the spread of COVID-19. Jurisdictions in which we operate imposed, and continue to impose, various restrictions on our business, including capacity and other operational limitations, social distancing requirements, and in limited instances required us to close certain offices. One of our top priorities has been providing for the health and safety of our clients, associates, and franchisees, while still providing taxpayers access to help in getting their refunds during this difficult economic time. These events have impacted the typical seasonality of our business and the comparability of our financial results. Consequently, a portion of revenues and expenses that would have normally been recognized in our fourth quarter of fiscal year 2020 shifted to the first quarter of fiscal year 2021.

We have been navigating the ever-changing landscape of the various state and local orders regarding whether our offices could stay open and how we could help our clients. We evaluated these orders on an individual basis, which at its peak resulted in nearly 20% of our office network closing to the public. In the offices that remained open, we made changes to our operating model to encourage and/or require clients to drop off their documents and approve online, complete virtually by uploading their documents and approve online or in-office with social distancing guidelines. See "Results of Operations" and "Financial Condition" in "Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations" of our 2020 Annual Report, which is incorporated by reference into this prospectus supplement, for further discussion regarding the impact of the COVID-19 pandemic on our business.

In order to strengthen our liquidity and ensure maximum flexibility, during our fourth quarter we drew the full amount of our \$2.0 billion unsecured committed line of credit ("CLOC").

Our financial results for fiscal year 2020 were negatively impacted by the extension of the tax filing season due to the COVID-19 pandemic, and as of April 30, 2020, we were not in compliance with the debt-to-EBITDA ratio covenant related to our CLOC. On May 22, 2020 we obtained a waiver of the debt-to-EBITDA ratio covenant for the period ended April 30, 2020. As of April 30, 2020, we had cash balances of \$2.7 billion, which includes the CLOC draw. We believe we have sufficient liquidity to support our business through next tax season, and we expect to be in compliance with our CLOC covenants each quarter in fiscal year 2021.

Tax filing update

On July 28, 2020, we released our preliminary results for the U.S. tax season that was extended due to the COVID-19 pandemic. Total U.S. tax returns prepared by or through H&R Block were 21.2 million for the period of May 1, 2019 through July 17, 2020, an increase of 0.7 million, or 3.3%, when compared to May 1, 2018 through July 17, 2019.

The increase in tax returns was led by DIY online filings (excluding Free File returns) of 6.7 million, resulting in growth of 10.6% compared to the prior period described above. Total Assisted filings were 11.5 million, which represented a decline of 2.8% compared to the prior period described above. The challenging operating environment due to the COVID-19 pandemic and various state and local orders limited our ability to operate our retail network during the most recent U.S. tax season.

Given the unusual nature of the most recent U.S. tax season, there are elements of the industry data, such as paper filings and returns related to economic stimulus payments, that continue to shift week to week making it difficult to draw relevant comparisons.

The following table sets forth a summary of the preliminary results for the most recent U.S. tax season and the results from the comparable prior period described above:

Preliminary U.S. Tax Operating Data	May 1, 2019 through July 17, 2020	May 1, 2018 through July 17, 2019	% Change
U.S. Tax Returns Prepared: (In thousands)⁽¹⁾⁽²⁾			
Company-owned operations	8,145	8,412	(3.2)%
Franchise operations	3,324	3,389	(1.9)%
Total H&R Block Assisted	11,469	11,801	(2.8)%
Desktop	1,983	1,986	(0.2)%

IRS Free File	1,034	675	53.2%
Total H&R Block U.S. Returns	21,190	20,521	3.3%
Net Average Charge:⁽³⁾			
Company-owned operations	\$229.11	\$231.57	(1.1)%
Franchise operations ⁽⁴⁾	217.62	216.73	0.4%
DIY	31.41	32.87	(4.4)%

(1) An assisted tax return is defined as a current or prior year individual tax return that has been accepted and paid for by the client, including Tax Pro GoSM and Tax Pro ReviewSM returns, and business returns. A DIY return is defined as a return that has been electronically filed and accepted by the IRS. Also included are online returns paid and printed.

(2) Amounts have been reclassified between H&R Block-owned and franchise operations for offices which were refranchised or repurchased by H&R Block during the periods presented.

(3) Net average charge is calculated as tax preparation fees divided by tax returns prepared. For DIY, net average charge excludes IRS Free File.

(4) Net average charge related to H&R Block Franchise Operations represents tax preparation fees collected by H&R Block franchisees divided by returns prepared in franchise offices. H&R Block will recognize a portion of franchise revenues as franchise royalties based on the terms of franchise agreements.

The preliminary results for the U.S. tax season set forth above are preliminary, unaudited and reflect management's current views and may change as a result of management's review of results and other factors. These preliminary results are not intended as an indication of our results of operations in accordance with GAAP for any period and should not be viewed as a substitute for full financial statements prepared in accordance with GAAP. During the course of preparation of our financial statements for the first fiscal quarter of our fiscal year

2021, we may identify material adjustments to be made to the preliminary results presented above. To the extent that these preliminary results for the U.S. tax season are forward-looking statements, we caution you that these are not guarantees of future performance or outcomes and that actual results may differ materially from those described above. For all these reasons, you should not place undue reliance on these preliminary results. You should read this information together with the financial statements and the related notes and “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations” of our 2020 Annual Report, which is incorporated by reference into this prospectus supplement. Neither our independent auditors nor any other independent auditing firm has audited, reviewed or compiled, examined or performed any procedures with respect to these preliminary results, nor have they expressed any opinion or any other form of assurance on these preliminary results.

Clearstream Banking, société anonyme, and Euroclear Bank, SA/NV, as operator of the Euroclear System, will hold interests on behalf of their participants through their respective U.S. depositories, which in turn will hold such interests in accounts as participants of DTC. Except in the limited circumstances described in this prospectus supplement, owners of beneficial interests in the notes will not be entitled to have notes registered in their names, will not receive or be entitled to receive notes in definitive form and will not be considered holders of notes under the indenture. Risk factors	<p>Investing in our notes involves risks. See the “Risk factors” section of this prospectus supplement, the “Risk Factors” section of the accompanying prospectus, the “Risk Factors” section of H&R Block’s 2020 Annual Report, together with all other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus, for a discussion of factors you should carefully consider before deciding to invest in the notes.</p>

Risk factors

Investing in our notes involves a risk of loss. In addition to the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus, you should carefully consider the risks described below and in the "Risk Factors" section of H&R Block's 2020 Annual Report, all of which are incorporated by reference herein, before making an investment decision with respect to the notes. To the extent the COVID-19 pandemic adversely affects our business and financial results, it may also have the effect of heightening many of the risks described in this "Risk Factors" section and the other risk factors contained in and incorporated by reference herein.

Certain risks related to the COVID-19 pandemic and our operations

Our financial condition and results of operations have been, and may continue to be, adversely affected by the recent COVID-19 pandemic, and may be impacted by a resurgence of COVID-19 or a future outbreak of another highly infectious or contagious disease.

During March 2020, the World Health Organization declared the COVID-19 outbreak to be a global pandemic. To date, this outbreak, which has surfaced in nearly all regions around the world, including all jurisdictions where the Company operates, and preventative measures taken to contain or mitigate the outbreak, have caused and are continuing to cause, business slowdowns or shutdowns in affected areas and disruption in the financial markets. Globally, governments have taken a variety of actions to contain the spread of COVID-19, including prohibitions on congregating in groups, business closure orders, shelter-in-place orders, or other similar measures.

In the U.S., state, county and municipal jurisdictions in which we operate issued, and continue to issue, a high volume of government orders intended to contain the spread of COVID-19, which imposed various restrictions on our business, including capacity and other operational limitations, social distancing requirements, and in limited instances required us to close certain offices. The requirements of the various government orders often differ and, even where similar, may be interpreted and applied inconsistently from jurisdiction to jurisdiction. Our current or future operations, policies, and practices may be determined to be inconsistent with those requirements, interpretations, or applications in certain jurisdictions.

We took a variety of actions to address the impacts of the COVID-19 pandemic on our business, including implementing our crisis response process, initiating other efforts to facilitate compliance with the various emergency orders (while maintaining continuity of operations as much as practicable), and implementing certain initiatives designed to slow and/or reduce the impact of COVID-19 and to meet the health and safety needs of our clients, associates, and franchisees. Though we were able to continue to provide a reduced number of in-person appointments, in late March 2020 we implemented operational changes across our U.S. assisted locations to increase the number of clients who drop off their documents and approve online. While this allowed clients to obtain professional assisted tax preparation from a tax office with minimal in-person interactions, these changes, along with the extension of the tax season described below, adversely impacted the Company's results of operations, financial condition, and cash flows for the fiscal year ended April 30, 2020.

Notwithstanding the above-described efforts and our attempts to comply with COVID-19-related requirements, there is no certainty that we will be able to consistently do so or that the measures we have implemented, or implement in the future, will be sufficient to mitigate the risks posed by the virus. Alleged failures in this regard could result in additional negative impacts, including regulatory investigations, claims, legal actions, harm to our reputation and brands, fines, penalties, and other damages.

The extent to which the COVID-19 pandemic impacts our business, operations, and financial results going forward will depend on numerous evolving factors that we may not be able to accurately predict, including COVID-19 orders that continue for indefinite periods, modifications to orders resulting in more stringent requirements, or increased regulations regarding workplace conditions and benefits. Establishing systems and processes, or making changes to our existing policies, to achieve compliance with any of these, or other, complex and evolving requirements may increase our costs or restrict our business operations. In addition, the unprecedented nature of the COVID-19 pandemic makes it difficult to predict how the demand for our services will be affected. It is unclear how quickly or if clients will return to our offices to file during the remainder of tax season 2020 and in future years, which may

TABLE OF CONTENTS

be a function of continued concerns over safety or a permanent shift by consumers to DIY or virtual tax preparation methods. We may make changes in our operations to react to, or in anticipation of, such a shift in consumer behaviors, but such changes may not be successful in retaining current clients or attracting new clients to our brand.

The further spread of COVID-19 or a new global or national outbreak, the requirements to take action to help limit the spread of illness, and the other risks described above may further impact our ability to carry out our business and may materially adversely impact global economic conditions, our business, results of operations, cash flows and financial condition.

Our access to liquidity may be negatively impacted by disruptions in credit markets due to COVID-19 or otherwise, by downgraded credit ratings or by our failure to meet certain covenants. Our funding costs could increase, further impacting earnings.

We need liquidity to meet our working capital requirements, to service debt obligations including refinancing of maturing obligations, and for general corporate purposes. Our access to and the cost of liquidity could be negatively impacted by the COVID-19 pandemic, in the event of credit rating downgrades, or due to our failure to meet financial covenants. On March 26, 2020, we drew down the full \$2.0 billion available under our unsecured CLOC to increase our cash position and maximize flexibility in light of the uncertainty surrounding the impact of the COVID-19 pandemic. The increase in the amount borrowed under the CLOC led to increased interest expense for the fiscal year ended April 30, 2020, which will remain elevated until such amounts are repaid. In addition, \$650 million in principal of our Senior Notes are due in October 2020. Additional events may occur which could increase our need for liquidity above current levels. We may need to obtain additional sources of funding to meet these liquidity needs, which may not be available or may only be available under unfavorable terms. In addition, if rating agencies downgrade our credit rating, the cost of debt under our existing financing arrangements, as well as future financing arrangements, could increase and capital market access could decrease or become unavailable.

Our CLOC is subject to various covenants, and, as of April 30, 2020, we were not in compliance with the debt-to-EBITDA ratio covenant due to the impacts of the COVID-19 pandemic described above. Though the lenders under the CLOC waived non-compliance with this covenant as of April 30, 2020, there is no guarantee that they would waive any future covenant violations. If we violate this or other covenants in the CLOC in the future and are unable to obtain a waiver from our lenders, our debt under the CLOC would be in default and could be accelerated by our lenders. An acceleration of the indebtedness under the CLOC would cause a cross default under the indenture governing our senior notes. There can be no assurance that we will be able to obtain sufficient funds to enable us to repay or refinance our debt obligations on commercially reasonable terms, or at all.

The impacts of the COVID-19 pandemic, including a potential worsening of global economic conditions and the continued disruptions to, and volatility in, the credit and financial markets remain unknown. If current sources of liquidity were to become unavailable, we would need to obtain additional sources of funding, which may not be available or may only be available under less favorable terms. This could have a material adverse effect on our business and our consolidated financial position, results of operations and cash flows.

Changes in applicable tax laws have had, and may in the future have, a negative impact on the demand for and pricing of our services, adversely affecting our business and our consolidated financial position, results of operations and cash flows.

The U.S. government has in the past made, and may in the future make, changes to the individual income tax provisions of the Internal Revenue Code, tax regulations, and the rules and procedures for implementing such laws and regulations. In addition, taxing authorities in various state, local, and foreign jurisdictions in which we operate may change the income tax laws in their respective jurisdictions. As a result of the COVID-19 pandemic, on March 21, 2020, the U.S. Department of the Treasury (Treasury) and the IRS announced that the federal tax filing deadline for individual 2019 tax returns was extended from April 15, 2020 to July 15, 2020, and substantially all U.S. states with an April 15 individual state income tax filing requirement extended their respective deadlines. In Canada, the deadline for individuals to file was extended to June 1, 2020. These delays negatively impacted the demand for our services in our fiscal year ended April 30, 2020, resulting in a substantial decrease in the number of tax returns prepared by or through H&R Block, impacting our revenue, cash flows and earnings for the fiscal year ended April 30, 2020. Treasury, the IRS and state or foreign officials may determine to further extend tax deadlines or take other actions, which could have an additional material adverse effect on our business and our consolidated financial position, results of operations and cash flows in future years.

[TABLE OF CONTENTS](#)

It is difficult to predict the manner in which future changes to the Internal Revenue Code, tax regulations and the rules and procedures for implementing such laws and regulations, and state, local and foreign tax laws may impact us and the tax return preparation industry. Such future changes could decrease the demand or the amount we charge for our services and, in turn, have a material adverse effect on our business and our consolidated financial position, results of operations and cash flows.

There are various other initiatives from time to time seeking to modify the Internal Revenue Code or otherwise simplify tax return preparation. In addition, taxing authorities in various state, local and foreign jurisdictions in which we operate have also introduced measures seeking to simplify or otherwise modify the preparation and filing of tax returns in their respective jurisdictions. The adoption or expansion of any measures that significantly simplify tax return preparation or otherwise reduce the need for third-party tax return preparation services could reduce demand for our services and products and could have a material adverse effect on our business and our consolidated financial position, results of operations and cash flows.

We face legal actions in connection with our various business activities, and current or future legal actions may damage our reputation, impair our product offerings, or result in material liabilities and losses.

We have been named, and from time to time will likely continue to be named, in various legal actions, including arbitrations, class or representative actions, actions or inquiries by state attorneys general and other regulators, and other litigation arising in connection with our various business activities, including relating to our various service and product offerings. For example, as previously reported, we are subject to litigation and have received and are responding to certain governmental inquiries relating to the IRS Free File program. These inquiries include requests for information and, in some cases, subpoenas from regulators and state attorneys general. On July 15, 2020, the New York State Department of Financial Services issued a press release and report on its investigation of certain tax preparers, including us, related to the IRS Free File program. We cannot predict whether this report or other inquiries could lead to further inquiries, further litigation, fines, injunctions or other regulatory or legislative actions or impacts on our brand, reputation and business. See additional discussion in Item 8, note 13 to the consolidated financial statements in H&R Block's 2020 Annual Report. We also grant our franchisees a limited license to use our registered trademarks and, accordingly, there is risk that one or more of the franchisees may be alleged to be controlled by us. Third parties, regulators or courts may seek to hold us responsible for the actions or failures to act by our franchisees. Adverse outcomes related to legal actions could result in substantial damages and could cause our earnings to decline. Negative public opinion could also result from our or our franchisees' actual or alleged conduct in such claims, possibly damaging our reputation, which, in turn, could adversely affect our business prospects and cause the market price of our securities to decline.

Risks relating to the notes

We may not be able to repurchase the notes upon a change of control.

Upon the occurrence of a change of control event that constitutes a Change of Control Triggering Event (as defined in this prospectus supplement), unless Block Financial has exercised its right to redeem the notes, each holder of notes will have the right to require it to repurchase all or any part of such holder's notes at a price equal to 101% of the principal amount of such notes, plus accrued and unpaid interest, if any, to the date of purchase. If a Change of Control Triggering Event occurs, there can be no assurance that Block Financial (or H&R Block as guarantor) would have sufficient financial resources available to satisfy the obligation to repurchase the notes. Block Financial's failure to purchase the notes as required under the indenture governing the notes would result in a default under the indenture, which could have material adverse consequences for us and the holders of the notes. See "Description of notes—Change of control triggering event."

We may be unable to pay interest on or repay the notes; our subsidiaries will have no obligations to the holders of the notes, and the liabilities of our subsidiaries will be effectively senior to the notes and the guarantees.

The notes will mature on August 15, 2030. In addition, Block Financial will be obligated to pay interest on the notes semiannually on February 15 and August 15 of each year, beginning February 15, 2021. On April 30, 2020, H&R Block and Block Financial (without duplication and excluding their respective subsidiaries) had an aggregate of approximately \$3.5 billion of total indebtedness outstanding at par. Our ability to make interest payments on this debt will depend in part on our cash flow. Each of H&R Block and Block Financial is a holding company that operates through its subsidiaries. High leverage creates risks, including potential negative impacts on our credit

rating. Our debt service payments may also place us at a disadvantage relative to other competitors with lower debt ratios and increase the impact of competitive pressures within our markets. Block Financial expects to incur indebtedness and rely in part on borrowings under our existing credit facility and other external sources of financing to fund the costs of any new investments, capital expenditures, share repurchases and other items. Accordingly, we are subject to the risks that our cash flow will not be sufficient to cover required debt service payments.

In addition, our cash flow and, consequently, our ability to pay interest in cash and to service our debt, including the notes, will be dependent upon the cash flow of our subsidiaries and the payment of funds to us by those subsidiaries in the form of loans, dividends or otherwise. Our subsidiaries are separate and distinct legal entities and will have no obligation, contingent or otherwise, to pay any amounts due on the notes or to make cash available for that purpose. These subsidiaries may use the earnings they generate, as well as their existing assets, to fulfill their own direct obligations. As of April 30, 2020, H&R Block's subsidiaries (other than Block Financial and its subsidiaries) had outstanding liabilities (excluding intercompany liabilities) of approximately \$1.5 billion effectively ranking senior to the guarantees of the notes. Our subsidiaries may incur additional liabilities. The liabilities of our subsidiaries (other than Block Financial and its subsidiaries) will be effectively senior to the notes and the guarantees.

The indenture governing the notes will not limit our ability to incur additional indebtedness, pay dividends, issue or repurchase securities, engage in transactions with affiliates or engage in other activities, which could adversely affect our ability to pay our obligations under the notes or otherwise adversely impact you as a holder of the notes.

The indenture governing the notes does not contain any financial covenants and contains only limited restrictive covenants. The indenture will not limit our or our subsidiaries' ability to incur additional indebtedness, issue or repurchase securities, pay dividends or engage in transactions with affiliates. We, therefore, may pay dividends, repurchase securities and incur additional debt, including secured indebtedness in certain circumstances or indebtedness by, or other obligations of, our subsidiaries to which the notes would be structurally subordinate. Our ability to incur additional indebtedness and use our funds for a wide range of purposes may limit the funds available to pay our obligations under the notes or otherwise adversely impact you as a holder of the notes.

Our credit ratings may not reflect all risks of an investment in the notes.

We expect that the notes will be rated at the time of the consummation of the offering by at least two nationally recognized statistical rating organizations at issuance. These credit ratings are limited in scope and do not address all material risks related to an investment in the notes but rather reflect only the view of each rating agency at the time the rating is issued. As a result of general economic uncertainty and the impact of the COVID-19 outbreak, on March 31, 2020, S&P placed us on a negative ratings watch.

There can be no assurance that our credit ratings will remain in effect for any given period of time or that a rating will not be lowered, suspended or withdrawn entirely by the applicable rating agency if, in such rating agency's judgment, circumstances so warrant. Any further actual or anticipated negative changes or downgrades in our credit ratings or ratings outlook or watch, including any announcement that our ratings are under further review for a downgrade, could increase our corporate borrowing costs and affect the market value of the notes. In particular, the interest rate payable on the notes offered hereby is subject to adjustment depending upon the ratings assigned to such notes as described in "Description of notes—Interest rate adjustment." Agency ratings are not a recommendation to buy, sell or hold any security, and may be revised or withdrawn at any time by the issuing agency. Each agency's rating should be evaluated independently of any other agency's rating.

No prior market exists for the notes, and you cannot be sure that an active trading market will develop for the notes.

No public market exists for the notes, and we cannot assure you as to the liquidity of any market that may develop for the notes, the ability of the holders to sell their notes or the price at which holders will be able to sell their notes. We do not intend to apply for listing the notes on any securities exchange. Future trading prices of the notes will depend on many factors including, among other things, prevailing interest rates, our credit ratings, our operating results and the market for similar securities.

The underwriters have informed us that they intend to make a secondary market in the notes. They are not, however, obligated to do so, and they may discontinue any such market making activity at any time without notice to the holders of the notes. See "Underwriting."

An increase in interest rates could result in a decrease in the market value of the notes.

In general, as market interest rates rise, the value of notes bearing interest at a fixed rate generally decline. Consequently, if you purchase these notes and market interest rates increase, the market value of your notes may decline. We cannot predict the future level of market interest rates.

Federal and state statutes allow courts, under specific circumstances, to void notes and guarantees, subordinate claims in respect of notes and guarantees and require noteholders to return payments received from obligors.

The issuance of the notes by Block Financial and the guarantees by H&R Block may be subject to review under state and federal laws if a bankruptcy, liquidation or reorganization proceeding or a lawsuit, including in circumstances in which bankruptcy is not involved, were commenced at some future date by, or on behalf of, the unpaid creditors of Block Financial or H&R Block, or if Block Financial or H&R Block were to voluntarily commence a bankruptcy, liquidation or reorganization case for itself. Under the federal bankruptcy laws and comparable provisions of state fraudulent transfer laws, a court may void or otherwise decline to enforce notes or guarantees, or subordinate such obligations to such obligor's existing and future indebtedness. In addition, any payment on such notes or guarantees could be voided and required to be returned to the applicable obligor or to a fund for the benefit of such obligor's creditors. While the relevant laws may vary from state to state, a court might do so if it found that when the issuer issued the notes or a guarantor entered into its guarantee, or, in some jurisdictions, when payments became due thereunder, the applicable obligor received less than reasonably equivalent value or fair consideration and either:

- was insolvent or rendered insolvent by reason of such incurrence;
- was engaged in a business or transaction for which its remaining assets constituted unreasonably small capital; or
- intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature.

The measures of insolvency for purposes of the fraudulent transfer laws discussed above will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, an entity would be considered insolvent if:

- the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;
- if the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
- it could not pay its debts as they become due.

In addition, the incurrence of obligations under the notes or the guarantees, without regard to the above factors, could constitute a fraudulent transfer or conveyance if those obligations were determined to be incurred with actual intent to hinder, delay or defraud creditors of H&R Block or Block Financial, respectively.

If a court were to find that the issuance of the notes or the incurrence of the guarantees was a fraudulent transfer or conveyance, the court could void the payment obligations under the notes or the guarantees or subordinate the notes or the guarantees to presently existing and future indebtedness of the applicable obligor, or require the holders of the notes to repay any amounts received with respect to such obligations. In such event, you may not receive any further payment on the notes and you may be directed to repay amounts you already received in respect of the notes.

Selected financial data

Set forth below are selected consolidated financial data of H&R Block for the periods indicated. H&R Block's selected consolidated financial data as of the end of, and for each year in, the three-year period ended April 30, 2020 have been derived from H&R Block's audited consolidated financial statements. Our historical results are not necessarily indicative of future performance or results of operations.

This table should be read in conjunction with H&R Block's consolidated financial statements, including the related footnotes and "Management's Discussion and Analysis of Financial Condition and Results of Operations" contained in H&R Block's 2020 Annual Report and 2019 Annual Report, which are incorporated by reference herein and available as described under "Incorporation by reference" and "Where you can find more information."

- (1) Because the majority of our clients file their tax returns during the period from February through April in a typical year, a substantial majority of our revenues from income tax return preparation and related services and products are earned during this period. As a result, we generally operate at a loss through the first three quarters of our fiscal year. As a result of the COVID-19 pandemic, on March 21, 2020, the federal tax filing deadline in the U.S. for individual 2019 tax returns was extended from April 15, 2020 to July 15, 2020. Substantially all U.S. states with an April 15 individual state income tax filing requirement similarly extended their respective deadlines. In Canada, the deadline for individuals to file was extended to June 1, 2020. These extensions have impacted the typical seasonality of our business and the comparability of our financial results for fiscal year 2020. See "Summary—Recent developments."

This table should be read in conjunction with H&R Block’s consolidated financial statements and related notes contained in H&R Block’s 2020 Annual Report, which is incorporated by reference herein. (1) The \$650.0 million in principal outstanding of our 4.125% notes due 2020, which mature on October 1, 2020, were classified as a current liability as of April 30, 2020. We intend to use the net proceeds from this offering to repay these notes at maturity and for general corporate purposes. Pending such use of net proceeds, we expect to invest the proceeds in short-term interest-bearing deposits. See “Use of Proceeds.”

(2) Includes cash and cash equivalents (including restricted cash and cash equivalents), total debt and total shareholders’ equity.

Use of proceeds

The net proceeds to us from the sale of the notes offered hereby are expected to be approximately \$642.4 million, after deducting the underwriting discount and our estimated offering expenses. We intend to use the net proceeds from this offering to repay, at maturity, the \$650.0 million in principal outstanding of our 4.125% notes due 2020, which mature on October 1, 2020, and for general corporate purposes. Pending such use of net proceeds, we expect to invest the proceeds in short-term interest-bearing deposits. To the extent the net proceeds from this offering are not sufficient to repay our 4.125% notes due 2020, we intend to fund the remaining repayment through cash on hand at the time of repayment.

Some of the underwriters or their affiliates may hold our 4.125% notes due 2020. As a result, they may receive a portion of the offering proceeds.

Description of notes

The notes are to be issued under an indenture dated as of October 20, 1997 originally among Block Financial, H&R Block and Deutsche Bank Trust Company Americas (as successor to Bankers Trust Company), as trustee, as supplemented. We intend to designate U.S. Bank National Association as trustee under the indenture for the notes, pursuant to a supplemental indenture to be entered into upon consummation of this offering. The following summarizes certain provisions of the notes and the indenture. A copy of the indenture is an exhibit to the registration statement of which the accompanying prospectus is a part. This summary does not purport to be complete and is subject to, and qualified in its entirety by reference to, all of the provisions of the notes and the indenture, including the definitions of certain terms. Capitalized terms used in this "Description of notes" and not otherwise defined have the meanings attributed to them in the indenture.

References in this "Description of notes" to "we", "us", "our" or "the Company" are to Block Financial LLC only.

General

The notes will initially be limited to \$650,000,000 aggregate principal amount and will mature on August 15, 2030. Subject to "—Interest rate adjustment" below, the notes will bear interest at the rate of 3.875% per annum from August 7, 2020 or from the most recent interest payment date on which we paid or provided for interest on the notes until their principal is paid. We will pay interest semi-annually on February 15 and August 15 of each year, commencing February 15, 2021, to the registered holders at the close of business on the preceding February 1 or August 1, whether or not a business day. Interest on the notes will be computed on the basis of a 360-day year of twelve 30-day months. If any interest payment date or the maturity date is not a business day, payment will be made on the next business day and no additional interest will accrue.

Issuance of additional notes

We may, without the consent of the holders, increase the principal amount of the notes by issuing additional notes in the future on the same terms and conditions (except for any differences in the issue price and interest accrued prior to the issue date of the additional notes), and with the same CUSIP number, as the notes offered hereby; provided that if such additional notes are not fungible with the original notes offered hereby for U.S. federal income tax purposes, such additional notes will have a separate CUSIP number. The notes (and all obligations under the indenture, including fees, expenses and indemnity obligations) offered by this prospectus supplement and any such additional notes would rank equally and ratably and would be treated as a single series for all purposes under the indenture. There is no limitation on the amount of other debt securities we may issue under the indenture.

Ranking

The notes will be general unsecured obligations of Block Financial and will rank equal in right of payment, on a pari passu basis, with all of its other existing and future unsecured and unsubordinated senior indebtedness. The notes will be fully and unconditionally guaranteed on a senior unsecured basis by H&R Block. The guarantees will rank equal in right of payment, on a pari passu basis, with all of H&R Block's existing and future unsecured and unsubordinated senior indebtedness and guarantees. The notes and the guarantees will be effectively junior to any secured debt of Block Financial or H&R Block, and effectively junior to liabilities of the subsidiaries of Block Financial or H&R Block (other than Block Financial), in each case as may be outstanding from time to time.

Guarantees

H&R Block will fully and unconditionally guarantee to each holder of notes the due and punctual payment of the principal of, and any premium and interest on, the notes, when and as the same become due and payable, whether at stated maturity, by declaration of acceleration, call for redemption or otherwise. H&R Block has:

- agreed that its obligations under the guarantees in the event of an event of default with respect to the notes will be as if it were principal debtor and not merely a surety, and will be absolute and unconditional, irrespective of any invalidity, irregularity or unenforceability of the notes or the indenture, any failure to enforce the provisions of the notes or the indenture, any waiver, modification or indulgence granted to us with respect thereto, by the holders of notes or by the trustee, or any other circumstances which may otherwise constitute a legal or equitable discharge of a surety or guarantor;

TABLE OF CONTENTS

- waived diligence, presentment, demand of payment, filing of claims with a court in the event of merger or bankruptcy of us, any right to require a proceeding first against us, the benefit of discussion, protest or notice with respect to the notes or the indebtedness evidenced thereby or with respect to any sinking fund payment required pursuant to the terms of the notes and all demands whatsoever; and
- covenanted that the guarantees will not be discharged with respect to the notes except by payment in full of the principal thereof and any premium and interest thereon or as otherwise provided in the indenture.

Optional redemption

We may, at our option, redeem the notes, in whole or in part, at any time prior to May 15, 2030 (which is the date that is three months prior to the maturity date of the notes) (the “Par Call Date”) at a redemption price equal to the greater of:

- 100% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest to the redemption date, and
- the sum of the present values of the remaining scheduled payments of principal amount and interest on the notes to be redeemed that would be due if the notes matured on the Par Call Date but for the redemption (not including any portion of payments of interest accrued as of the redemption date), discounted to the redemption date in accordance with customary market practice on a semi-annual basis at a rate equal to the sum of the Treasury Rate plus 50 basis points, plus accrued and unpaid interest to the redemption date.

In addition, at our option, we may redeem the notes, in whole or in part, at any time on or following the Par Call Date at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest to the redemption date.

The redemption price for the notes to be redeemed will be calculated by the Independent Investment Banker assuming a 360-day year consisting of twelve 30-day months.

“Treasury Rate” means, with respect to any redemption date, the rate per year equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated on the third business day preceding the redemption date, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

“Comparable Treasury Issue” means the United States Treasury security selected by the Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the notes to be redeemed (assuming, for this purpose, that such notes matured on the Par Call Date) that would be used, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to such remaining term.

“Comparable Treasury Price” means, with respect to any redemption date:

- the average of the Reference Treasury Dealer Quotations for that redemption date, after excluding the highest and lowest of the Reference Treasury Dealer Quotations,
- if we obtain fewer than four Reference Treasury Dealer Quotations, the average of all Reference Treasury Dealer Quotations so received, or
- if only one such Reference Treasury Dealer Quotation is received, such Reference Treasury Dealer Quotation.

“Independent Investment Banker” means an independent investment banking institution of national standing appointed by us, which may be one of the Reference Treasury Dealers.

“Reference Treasury Dealer” means each of (1) J.P. Morgan Securities LLC, or its affiliates, and their respective successors, (2) BofA Securities, Inc., or its affiliates, and their respective successors, (3) TD Securities (USA) LLC, or its affiliates, and their respective successors, (4) a primary U.S. Government securities dealer in The City of New York (a “Primary Treasury Dealer”) selected by U.S. Bancorp Investments, Inc., or its affiliates, and their respective successors, and (5) any other Primary Treasury Dealer selected by us; provided, however, that if any of the foregoing shall cease to be a Primary Treasury Dealer, we shall substitute therefor another Primary Treasury Dealer.

TABLE OF CONTENTS

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by us, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to us by that Reference Treasury Dealer at 3:30 p.m., New York City time, on the third business day preceding that redemption date.

We will mail notice of any redemption at least 15 days but not more than 60 days before the redemption date to each holder of the notes to be redeemed (with notice to the trustee given at least 5 days prior to when notice is provided to holders, unless a shorter period is agreed to by the trustee). Any notice of redemption may, at our discretion, be conditioned on the satisfaction of one or more conditions precedent, including, but not limited to, the occurrence or consummation of any event or transaction as described in the notice before the date fixed for the redemption. A notice of conditional redemption will be of no effect unless all conditions to the redemption have occurred before the redemption date or have been waived by us. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or portions of the notes called for redemption.

We understand that under DTC’s current practice, if we elect to redeem less than all of the notes, DTC would determine by lot the notes to be redeemed. If at the time of a partial redemption, individual notes have been issued in definitive form, the trustee will select in a fair and appropriate manner the notes to be redeemed.

Change of control triggering event

If a Change of Control Triggering Event occurs, unless we have exercised our right to redeem the notes as described under “—Optional redemption” above, holders of notes will have the right to require us to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of their notes pursuant to the offer described below (the “Change of Control Offer”). In the Change of Control Offer, we will offer payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased, to the date of purchase (the “Change of Control Payment”). Within 30 days following any Change of Control Triggering Event, we will send a notice to the holders of the notes describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is sent (the “Change of Control Payment Date”), pursuant to the procedures required by the indenture and described in such notice. We will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Triggering Event provisions of the indenture, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Triggering Event provisions of the indenture by virtue of such conflicts.

On the Change of Control Payment Date, we will, to the extent lawful:

- accept for payment all notes or portions of the notes properly tendered pursuant to the Change of Control Offer;
- deposit with the paying agent an amount equal to the Change of Control Payment in respect of the notes or portions of the notes properly tendered; and
- deliver or cause to be delivered to the trustee for cancellation the notes properly accepted together with an officers’ certificate stating the aggregate principal amount of all notes or portions of the notes being purchased by us.

Unless we default in the Change of Control Payment, on and after the Change of Control Payment Date, interest will stop accruing on the notes or portions of the notes tendered for repurchase pursuant to the Change of Control Offer.

For purposes of the foregoing discussion of a repurchase at the option of holders of notes upon the occurrence of a Change of Control Triggering Event and for “Interest rate adjustment” and “Limitation on liens” below, the following definitions are applicable:

“Below Investment Grade Rating Event” means the ratings on the notes are lowered by each of the Rating Agencies and the notes are rated below an Investment Grade Rating by each of the Rating Agencies on any date from the date of the public notice of an arrangement that could result in a Change of Control until the end of the 60-day

TABLE OF CONTENTS

period following public notice of the occurrence of the Change of Control (which 60-day period shall be extended so long as the rating of the notes is under publicly announced consideration for possible downgrade by any of the Rating Agencies); provided that a Below Investment Grade Rating Event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Triggering Event hereunder) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the trustee or us in writing at its or our request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Below Investment Grade Rating Event).

“Capital Stock” of any Person means any and all shares, interests, rights to purchase, warrants, options, participation or other equivalents of or interests in (however designated) equity of such Person, including any preferred stock and limited liability or partnership interests (whether general or limited), but excluding any debt securities convertible into such equity.

“Change of Control” means the occurrence of any of the following:

- (a) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of H&R Block’s properties or assets and of its subsidiaries’ properties or assets taken as a whole to any Person or group of related “persons” (as that term is used in Section 13(d)(3) of the Exchange Act) (a “Group”) other than Block Financial or H&R Block or one of their subsidiaries or a holding company satisfying the conditions of the proviso below;
- (b) the adoption of a plan relating to the liquidation or dissolution of H&R Block;
- (c) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any Person or Group (other than Block Financial or H&R Block or one of their subsidiaries) becomes the beneficial owner, directly or indirectly, of more than 50% of the then outstanding number of shares of H&R Block’s or Block Financial’s Voting Stock; or
- (d) the first day on which a majority of the members of the board of directors of H&R Block are not Continuing Directors.

Notwithstanding the foregoing, a transaction will not be considered to be a Change of Control if (1) H&R Block becomes a direct or indirect, wholly-owned subsidiary of a holding company or transfers all or substantially all of its assets to a holding company and (2) immediately following that transaction, (A) the direct or indirect holders of the Voting Stock of the holding company are substantially the same as the holders of the Voting Stock of H&R Block immediately prior to that transaction or (B) no Person or Group is the beneficial owner, directly or indirectly, of more than 50% of the Voting Stock of the holding company.

“Change of Control Triggering Event” means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

“Continuing Director” means, as of any date of determination, any member of the board of directors of H&R Block who (1) was a member of the board of directors of H&R Block on the date of the issuance of the notes or (2) was nominated for election, elected or appointed to the H&R Block board of directors with the approval of a majority of the Continuing Directors who were members of the board of directors of H&R Block at the time of such nomination, election or appointment (either by a specific vote or by approval of our proxy statement in which such member was named as a nominee for election as a director).

“Investment Grade Rating” means a rating equal to or higher than Baa3 (or the equivalent) by Moody’s and BBB- (or the equivalent) by S&P.

“Moody’s” means Moody’s Investors Service, Inc. or its successor.

“Person” means any individual, corporation, partnership, joint venture, association, joint stock company, trust, unincorporated organization, limited liability company, government or any agency or political subdivision thereof or any other entity, and includes a “person” as used in Section 13(d)(3) of the Exchange Act.

[TABLE OF CONTENTS](#)

“Rating Agencies” means (1) each of Moody’s and S&P and (2) if either of Moody’s or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a “nationally recognized statistical rating organization” within the meaning of Section 3(a)(62) under the Exchange Act selected by H&R Block (as certified by a resolution of its board of directors) as a replacement agency for Moody’s or S&P, or either of them, as the case may be.

“S&P” means Standard & Poor’s Ratings Services, a division of The McGraw-Hill Companies, Inc. or its successor.

“Voting Stock” of a Person means all classes of Capital Stock of such Person then outstanding and normally entitled to vote in the election of directors, managers or trustees, as applicable.

Interest rate adjustment

The interest rate payable on the notes will be subject to adjustments from time to time if either Moody’s or S&P (each as defined above) (or, in either case if applicable, any Substitute Rating Agency (as defined below)) downgrades or subsequently upgrades the debt rating assigned to the notes, as set forth below.

If the rating from Moody’s (or any applicable Substitute Rating Agency) of the notes is decreased to a rating set forth in the immediately following table, the interest rate on the notes will increase from the interest rate payable on the notes on the date of their issuance by the percentage set forth opposite that rating:

Rating*	Percentage
Ba1	0.25%
Ba2	0.50%
Ba3	0.75%
B1 or below	1.00%

* Including the equivalent ratings of any Substitute Rating Agency.

If the rating from S&P (or any applicable Substitute Rating Agency) of the notes is decreased to a rating set forth in the immediately following table, the interest rate on the notes will increase from the interest rate payable on the notes on the date of their issuance by the percentage set forth opposite that rating:

Rating*	Percentage
BB+	0.25%
BB	0.50%
BB-	0.75%
B+ or below	1.00%

* Including the equivalent ratings of any Substitute Rating Agency.

Notwithstanding the foregoing, if at any time the interest rate on the notes has been adjusted upward and either Moody’s or S&P (or any applicable Substitute Rating Agency), as the case may be, subsequently increases its rating of the notes to any of the threshold ratings set forth above, the interest rate on the notes will be decreased such that the interest rate for the notes equals the interest rate payable on the notes on the date of their issuance plus the percentages set forth opposite the ratings from the tables above in effect immediately following the increase. If Moody’s (or any applicable Substitute Rating Agency) subsequently increases its rating of the notes to Baa3 or higher and S&P (or any applicable Substitute Rating Agency) increases its rating to BBB- or higher (or, in either case, if applicable, the equivalent rating of any Substitute Rating Agency) the interest rate on the notes will be decreased to the interest rate payable on the notes on the date of their issuance.

Each adjustment required by any decrease or increase in a rating set forth above, whether occasioned by the action of Moody’s or S&P (or any applicable Substitute Rating Agency), shall be made independent of any and all other adjustments. In no event shall (1) the interest rate for the notes be reduced to below the interest rate payable on the notes on the date of their issuance or (2) the total increase in the interest rate on the notes exceed 2.00% above the interest rate payable on the notes on the date of their issuance.

If at any time either Moody’s or S&P (or any applicable Substitute Rating Agency) ceases to provide a rating of the notes and a Substitute Rating Agency is not obtained as provided below, any subsequent increase or decrease in the interest rate of the notes necessitated by a reduction or increase in the rating by the agency continuing to provide the rating shall be twice the percentage set forth in the applicable table above. No adjustments in the

TABLE OF CONTENTS

interest rate of the notes shall be made solely as a result of either Moody's or S&P (or any applicable Substitute Rating Agency) ceasing to provide a rating. If none of Moody's, S&P or any Substitute Rating Agency provides a rating of the notes, the interest rate on the notes will increase to, or remain at, as the case may be, 2.00% above the interest rate payable on the notes on the date of their issuance.

If at any time either Moody's or S&P (or any applicable Substitute Rating Agency) ceases to provide a rating of the notes for reasons outside of our control, we may, at our option, obtain a rating of the notes from another nationally recognized statistical rating organization, to the extent one exists, and if another nationally recognized statistical rating organization rates the notes (such organization, as certified by us in writing to the trustee, a "Substitute Rating Agency"), for purposes of determining any increase or decrease in the interest rate on the notes pursuant to the table above (a) such Substitute Rating Agency will be substituted for the last such rating agency to provide a rating of the notes but which has since ceased to provide such rating until such time, if any, as such rating agency resumes providing a rating of the notes, (b) the relative ratings scale used by such Substitute Rating Agency to assign ratings to senior unsecured debt will be determined in good faith by an independent investment banking institution of national standing appointed by us and, for purposes of determining the applicable ratings included in the table above with respect to such Substitute Rating Agency, such ratings shall be deemed to be the equivalent ratings used by Moody's, S&P or any prior Substitute Rating Agency (if applicable), as the case may be, in such table and for any other purpose described in this section and (c) the interest rate on the notes will increase, decrease or remain unchanged, as the case may be, as described above to reflect any change in the appropriate percentage, if any, set forth opposite the rating from such Substitute Rating Agency in the applicable table above (taking into account the provisions of clause (b) above) compared to the prior percentage, if any, corresponding to the rating agency for which the Substitute Rating Agency has been substituted. If either Moody's or S&P ceases to provide a rating of the notes for reasons within our control, we will not be entitled to obtain a rating from a Substitute Rating Agency, and the increase or decrease in the interest rate of the notes shall be determined in the manner described above as if either only one or no rating agency provides a rating of the notes, as the case may be.

Any interest rate increase or decrease described above will take effect on the next business day after the rating change has occurred. We will provide written notification to the trustee of any adjustment to the interest rate promptly following any ratings event requiring such adjustment.

The interest rates on the notes will permanently cease to be subject to any adjustment described above (notwithstanding any subsequent decrease in the ratings by either or both rating agencies) (or any applicable Substitute Rating Agency) if the notes become rated Baal and BBB+ or higher by Moody's and S&P, respectively (or, in either case if applicable, the equivalent rating of any Substitute Rating Agency) (or one of these ratings if only rated by one rating agency), with a stable or positive outlook by each of the rating agencies.

Limitation on liens

H&R Block may not, and may not permit any of its Subsidiaries (as defined below) to create or permit to exist any Lien (as defined below) on any Principal Property (as defined below) or any stock or Indebtedness (as defined below) of a Restricted Subsidiary, whether owned on the date of issuance of the notes or thereafter acquired, to secure any obligation, unless H&R Block contemporaneously secures the notes equally and ratably with (or prior to) that obligation. The preceding sentence will not require H&R Block to secure the notes if the Lien consists of the following:

- Permitted Liens (as defined below); or
- Liens securing Indebtedness if, after giving pro forma effect to the incurrence of such Indebtedness (and the receipt and application of the proceeds thereof) or the securing of outstanding Indebtedness, all Indebtedness of H&R Block and its subsidiaries secured by Liens on any Principal Property (other than Permitted Liens), at the time of determination does not exceed the greater of \$250 million or 15% of the total consolidated stockholders' equity of H&R Block as shown on the audited consolidated balance sheet contained in the latest annual report to stockholders of H&R Block.

Under the indenture, "Permitted Liens" of any Person are defined as—

- (a) pledges or deposits by that Person under worker's compensation laws, unemployment insurance laws, social security laws or similar legislation, or good faith deposits in connection with bids, trade contracts, tenders, contracts (other than for the payment of Indebtedness) or leases to which that Person is a party,

TABLE OF CONTENTS

- or deposits to secure public or statutory obligations of that Person or deposits of cash or bonds to secure performance, surety or appeal bonds to which that Person is a party or which are otherwise required of that Person, or deposits as security for contested taxes or import duties or for the payment of rent or other obligations of like nature, in each case incurred in the ordinary course of business;
- (b) Liens imposed by law, such as carriers', warehousemen's, laborers', materialmen's, landlords', repairmen's, vendors', workmen's, operators', factors and mechanics liens, in each case for sums not yet delinquent by more than 30 days or being contested in good faith by appropriate proceedings;
 - (c) Liens for taxes, assessments and other governmental charges or levies not yet due or which are being contested in good faith by appropriate proceedings;
 - (d) survey exceptions, encumbrances, easements or reservations of or with respect to, or rights of others for or with respect to, licenses, rights-of-way, sewers, electric and other utility lines and usages, telegraph and telephone lines, pipelines, surface use, operation of equipment, permits, servitudes and other similar matters, or zoning or other restrictions as to the use of real property or Liens incidental to the conduct of the business of that Person or to the ownership of its properties which were not incurred in connection with Indebtedness and which do not in the aggregate materially adversely detract from the value of the affected properties or materially interfere with the ordinary course of business of that Person;
 - (e) Liens existing on or provided for under the terms of agreements existing on the date the notes are issued (including, without limitation, under existing credit agreements);
 - (f) Liens on property at the time H&R Block or any of its Subsidiaries acquired the property or the entity owning the property; however, any such Lien may not extend to any other property owned by H&R Block or any of its Subsidiaries;
 - (g) Liens on any Principal Property, or any shares of stock or Indebtedness of any Subsidiary, that H&R Block or any Subsidiary acquires after the date of the indenture that are created contemporaneously with such acquisition, or within 24 months after the acquisition, to secure or provide for the payment or financing of any part of the purchase price;
 - (h) Liens and transfers arising from, or in connection with, any securitization, sale or other transfer, or any financing, involving loans, servicing assets, securities, receivables or other financial assets (or, in each case, portions thereof, or participations therein) and/or, in each case, related rights and interests;
 - (i) Liens securing a Hedging Obligation (as defined in the Indenture) so long as such Hedging Obligation is of the type customarily entered into for the purpose of limiting risk;
 - (j) Liens on property securing Indebtedness of H&R Block or any of its Subsidiaries to provide funds for all or any portion of the cost of acquiring, constructing, altering, expanding, improving or repairing that property or assets used in connection with that property;
 - (k) Liens securing intercompany Indebtedness and obligations (including under repurchase agreements or other similar obligations) owed to H&R Block or a wholly-owned subsidiary of H&R Block;
 - (l) Liens on any property to secure Indebtedness incurred in connection with the construction, installation or financing of pollution control or abatement facilities or other forms of industrial revenue bond financing or Indebtedness issued or guaranteed by the United States, any state or any department, agency or instrumentality thereof;
 - (m) Liens required by any contract, statute, regulation or order in order to permit H&R Block or any of its Subsidiaries to perform any contract or subcontract made by it with or at the request of the United States or any State thereof or any department, agency or instrumentality of either or to secure partial, progress, advance or other payments by H&R Block or any of its Subsidiaries to the United States or any State thereof or any department, agency or instrumentality of either pursuant to the provisions of any contract, statute, regulation or order;
 - (n) Liens securing Indebtedness of joint ventures in which H&R Block or a Subsidiary has an interest to the extent the Liens are on property or assets of those joint ventures;

TABLE OF CONTENTS

- (o) Liens arising in connection with payables to brokers and dealers in the ordinary course of business;
- (p) Liens arising in connection with deposits and other liabilities incurred by banking and/or other financial services or cash management activities in the ordinary course of business;
- (q) bankers' Liens, rights of setoff and other similar Liens existing solely with respect to bank accounts maintained by H&R Block and its Subsidiaries, in each case granted in the ordinary course of business in favor of the bank or banks with which such accounts are maintained; provided that, unless the Liens are nonconsensual and arise by operation of law, the Liens shall not secure (either directly or indirectly) the repayment of any Indebtedness;
- (r) Liens resulting from the deposit of funds or evidences of Indebtedness in trust for the purpose of defeasing Indebtedness of H&R Block or any of its Subsidiaries;
- (s) legal or equitable Liens deemed to exist by reason of negative pledges or the existence of any litigation or other legal proceeding and any related *lis pendens* filing (excluding any attachment prior to judgment lien or attachment lien in aid of execution on a judgment);
- (t) any attachment Lien being contested in good faith and by proceedings promptly initiated and diligently conducted upon such Person's actual knowledge thereof, unless the attachment giving rise to the Lien will not, within 60 days after the entry thereof, have been discharged or fully bonded or will not have been discharged within 60 days after the termination of any such bond;
- (u) any judgment Lien, unless the judgment it secures will not, within 60 days after the entry of the judgment, have been discharged or execution thereof stayed pending appeal, or will not have been discharged within 60 days after the expiration of any such stay;
- (v) Liens to banks or other financial institutions arising from the issuance of letters of credit issued by those banks or other financial institutions;
- (w) rights of a common owner of any interest in property held by that Person;
- (x) any defects, irregularities or deficiencies in title to easements, rights-of-way or other properties which do not in the aggregate materially adversely affect H&R Block and its Subsidiaries taken as a whole;
- (y) Liens securing Indebtedness in an aggregate outstanding principal amount not to exceed \$300,000,000 on (i) the property located at One H&R Block Way, Kansas City, Missouri, together with all adjacent properties, including, without limitation, parking structures, owned by H&R Block and its subsidiaries and (ii) all rights, incentives, benefits and other interests related thereto, including air rights, development rights and tax incentives; and
- (z) Liens to secure any refinancing, refunding, extension, renewal or replacement (or successive refinancings, refundings, extensions, renewals or replacements), as a whole, or in part, of any obligation secured by any Lien referred to in the foregoing clauses (e) through (n); provided, however, that:
 - (i) the new Lien must be limited to all or part of the same property that secured the original Lien (plus improvements on the property), and
 - (ii) the Indebtedness secured by the Lien at such time is not increased to any amount greater than the sum of:
 - (A) the outstanding principal amount or, if greater, committed amount of the obligations described under clauses (e) through (n) at the time the original Lien became a Permitted Lien under the indenture, and
 - (B) an amount necessary to pay any fees and expenses, including premiums, related to the refinancing, refunding, extension, renewal or replacement.

Under the indenture, the term "Lien" means any mortgage, pledge, security interest, encumbrance, lien or charge of any kind (including any conditional sale or other title retention agreement or lease in the nature thereof).

Under the indenture, the term "Principal Property" means, as of any date of determination, any property or assets owned by H&R Block or any Subsidiary other than any such property or assets which, in the good faith opinion of

TABLE OF CONTENTS

H&R Block's board of directors, are not of material importance to the business conducted by H&R Block and its Subsidiaries taken as a whole; it being understood and agreed that in no event will the term "Principal Property" include any ownership interests in, or any property or assets of any entity whose activities are reported as discontinued operations.

Under the indenture, the term "Restricted Subsidiary" means a Subsidiary of H&R Block which shall at the time, directly or indirectly, through one or more Subsidiaries or in combination with one or more Subsidiaries of H&R Block, own or lease a Principal Property.

Under the indenture, the term "Subsidiary" of any Person means any corporation, association, partnership or other business entity of which more than 50% of the total voting power of shares of Capital Stock entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof is at the time owned or controlled, directly or indirectly, by (i) such Person, (ii) such Person and one or more Subsidiaries of such Person or (iii) one or more Subsidiaries of such Person.

Under the indenture, the term "Indebtedness" means, with respect to any Person on any date of determination (without duplication):

- the principal of Indebtedness of such Person for borrowed money;
- the principal of obligations of that Person evidenced by bonds, debentures, notes or other similar instruments;
- all obligations of that Person that are required to be classified and accounted for as a capitalized lease for financial reporting purposes in accordance with generally accepted accounting principles in the United States in effect as of the date on which the notes are issued;
- all obligations of that Person to pay the deferred and unpaid purchase price of property or services (except Trade Payables (as defined in the indenture));
- all obligations of that Person in respect of letters of credit, banker's acceptances or other similar instruments or credit transactions (including reimbursement obligations with respect thereto), other than obligations with respect to letters of credit securing obligations (other than obligations listed in the preceding four bullet points) entered into in the ordinary course of business of such Person to the extent such letters of credit are not drawn upon or, if and to the extent drawn upon, such drawing is reimbursed no later than the third business day following receipt by such person of a demand for reimbursement following payment on the letter of credit;
- the amount of all obligations of that Person with respect to the redemption, repayment or other repurchase of any Disqualified Stock (as defined in the indenture) (but excluding, in each case, any accrued dividends);
- all Indebtedness of other Persons secured by a Lien on any asset of that Person, whether or not the Indebtedness is assumed by that Person; provided, however, that the amount of the Indebtedness will be the lesser of:
 - the fair market value of the asset at the date of determination; and
 - the amount of the Indebtedness of the other Persons; and
- all Indebtedness of other Persons to the extent Guaranteed (as defined in the Indenture) by that Person.

Notwithstanding the foregoing, no lease will be deemed a "capitalized lease" for any purpose under the indenture if such lease would not, as of December 31, 2015, have been required to be capitalized and reflected as a liability on a balance sheet in accordance with generally accepted accounting principles in the United States.

Consolidation, merger and sale of assets

Neither H&R Block nor Block Financial may consolidate with or merge with or into any Person, or convey, transfer or lease all or substantially all the assets of H&R Block on a consolidated basis to any Person (other than H&R Block or any subsidiary), unless the following conditions have been satisfied:

- either (1) H&R Block or Block Financial is the continuing Person in the case of a consolidation or merger or (2) the resulting, surviving or transferee Person if other than H&R Block or Block Financial (the "successor

company”) is a Person organized and existing under the laws of the United States, any State, or the District of Columbia and expressly assumes, by a supplemental indenture, executed and delivered to the trustee, in form satisfactory to the trustee, all of the obligations of H&R Block or Block Financial, as applicable, under the notes and the indenture;

- immediately after giving effect to the transaction (and treating any Indebtedness that becomes an obligation of the successor company or any Subsidiary of H&R Block as a result of the transaction as having been incurred by the successor company or the Subsidiary at the time of the transaction), no default or event of default would occur or be continuing; and
- H&R Block has delivered to the trustee an officers' certificate and an opinion of counsel, each stating that such consolidation, merger or transfer complies with the indenture.

So long as any of the notes are outstanding, and subject to the rights of H&R Block and Block Financial under this “—Consolidation, merger and sale of assets” provision, H&R Block will continue to own, directly or indirectly, all of our outstanding voting equity securities.

Events of default and remedies

The notes will contain the following events of default:

- default in the payment of any installment of interest on the notes as and when the same becomes due and payable and continuance of the default for a period of 30 days;
- default in the payment of principal or premium, if any, with respect to the notes as and when the same becomes due and payable, whether at maturity, upon redemption, by declaration, upon required repurchase, or otherwise;
- failure on the part of H&R Block to comply with the provisions of the indenture relating to consolidations, mergers and sales of assets;
- failure on the part of H&R Block or us duly to observe or perform any of our other covenants or agreements with respect to the notes, which failure continues for a period of 60 days after the date on which the trustee or the holders of at least 25% of the then outstanding principal amount of the notes provide written notice specifying the failure and requiring H&R Block or us to remedy the same;
- Indebtedness of H&R Block or any Subsidiary of H&R Block is not paid within any applicable grace period after final maturity or is accelerated by the holders of the Indebtedness because of a default, but only if the total amount of the Indebtedness unpaid or accelerated exceeds \$100 million or the United States dollar equivalent at the time and the default remains uncured or the acceleration is not rescinded for 10 days after the date on which the trustee or the holders of at least 25% of the then outstanding principal amount of the notes provide written notice specifying the failure and requiring H&R Block to remedy the same;
- Block Financial, H&R Block or any of its Restricted Subsidiaries:
 - commence a voluntary case or proceeding or files any petition seeking relief under Title 11 of the United States Code or any other Federal or State bankruptcy, insolvency or similar law;
 - consent to the institution of, or fail to controvert within the time and in the manner prescribed by law any such proceeding or the filing of any such petition;
 - apply for or consent to the appointment of a receiver, trustee, custodian, sequestrator or similar official for us, H&R Block or any of its Restricted Subsidiaries or for a substantial part of its property;
 - file an answer admitting the material allegations of a petition filed against it in any such proceeding,
 - make a general assignment for the benefit of creditors;
 - admit in writing its inability or fail generally to pay its debts as they become due;
 - take corporate action for the purpose of effecting any of the foregoing; or
 - take any comparable action under any foreign laws relating to insolvency; or

TABLE OF CONTENTS

- a court of competent jurisdiction enters an order or decree for:
 - relief in respect of Block Financial, H&R Block or any of its Restricted Subsidiaries or a substantial part of any of their property under Title 11 of the United States Code or any other Federal or State bankruptcy, insolvency or similar law;
 - the appointment of a receiver, trustee, custodian, sequestrator or similar official for Block Financial, H&R Block or any of its Restricted Subsidiaries or for a substantial part of any of their property (except any decree or order appointing such official of any Restricted Subsidiary pursuant to a plan under which the assets and operations of such Restricted Subsidiary are transferred to or combined with another Subsidiary or Subsidiaries of H&R Block or to H&R Block);
 - the winding-up or liquidation of Block Financial, H&R Block or any of its Restricted Subsidiaries (except any decree or order approving or ordering the winding up or liquidation of the affairs of a Restricted Subsidiary pursuant to a plan under which the assets and operations of such Restricted Subsidiary are transferred to or combined with another Subsidiary or Subsidiaries of H&R Block or to H&R Block); or
 - any similar relief is granted under any foreign laws,

and, in each case, the order or decree remains unstayed and in effect for 60 consecutive days.

It is understood and agreed that no action, activity, event, order, decree or relief described in either of the two immediately preceding events of default that relates solely to any ownership interests in, or any property or assets of, any entity whose activities are reported as discontinued operations will constitute an event of default.

If an event of default occurs and is continuing with respect to the notes, unless the principal and interest of the notes have already become due and payable, either the trustee or the holders of at least 25% of the then outstanding principal amount of the notes may declare the principal of and interest on all the notes due and payable immediately.

The holders of a majority in principal amount of the notes by notice to the trustee may rescind an acceleration and its consequences with respect to the notes if the rescission would not conflict with any judgment or decree already rendered and if all existing events of default with respect to the notes have been cured or waived, except nonpayment of principal or interest that has become due solely because of acceleration. Upon any such rescission, the parties shall be restored respectively to their several positions and rights hereunder, and all rights, remedies and powers of the parties shall continue as though no proceeding had been taken.

If an event of default occurs and is continuing with respect to the notes, the trustee may:

- institute any action or proceeding for the collection of the sums so due and unpaid or to enforce the performance of any provision of the notes or the indenture;
- prosecute any such action or proceeding to judgment or final decree; and
- enforce any such judgment or final decree against us or any other obligor on the notes.

In addition, if any proceedings for the bankruptcy or insolvency of us or any other obligor on the notes is pending, or if a receiver, trustee, or similar official is appointed for its property, the trustee may file and prove a claim for the whole amount of principal, premium and interest owing and unpaid with respect to the notes.

The holders of a majority in aggregate principal amount of the notes at the time outstanding shall have the right to direct the time, method, and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the notes; provided, however, that such direction shall not be otherwise than in accordance with law and the provisions of the indenture, and that subject to the certain provisions in the indenture regarding duties and responsibilities of the trustee, the trustee shall have the right to decline to follow any such direction if the trustee being advised by counsel shall determine that the action so directed may not lawfully be taken, or if the trustee shall by a responsible officer or officers determine that the action so directed would involve it in personal liability or would be unjustly prejudicial to holders of notes not taking part in such direction; and provided further, however, that nothing contained in the indenture shall impair the right of the trustee to take any action deemed proper by the trustee and which is not inconsistent with such direction by such holders.

TABLE OF CONTENTS

No holder of notes will have any right to institute any action or proceeding upon or under or with respect to the indenture, for the appointment of a receiver or trustee, or for any other remedy, unless:

- the holder previously has given written notice to the trustee that an event of default with respect to the notes has occurred and is continuing;
- the holders of at least 25% of the outstanding principal amount of the notes have requested the trustee to institute such action or proceeding with respect to the event of default and have offered to the trustee such indemnity as it may require against the costs, expenses, and liabilities to be incurred by it in connection with the action or proceeding; and
- the trustee, for 60 days after its receipt of the above notice, request, and offer of indemnity has failed to institute the action or proceeding and no direction inconsistent with the written request has been given to the trustee pursuant to the provisions of the indenture.

Prior to the acceleration of the maturity of the notes, the holders of a majority of the outstanding principal amount of the notes may, on behalf of the holders of all the notes, waive any past default or event of default and its consequences, except:

- a default in the payment of the principal, premium, if any, or interest with respect to the notes; or
- a default with respect to a provision of the indenture that cannot be amended without the consent of each holder affected thereby.

In case of any waiver, the default will cease to exist, any event of default arising therefrom will be deemed to have been cured for all purposes, and we, the trustee and the holders of the notes will be restored to our former positions and rights under the indenture.

Except in the case of a default in the payment of principal of, or premium, if any, or interest on, any note that is to be paid by the trustee, as paying agent, the trustee shall not be deemed to have knowledge or notice of the occurrence of any default or event of default, unless a responsible trust officer of the trustee shall have received written notice from the H&R Block, Block Financial or a holder describing such default or event of default, and stating that such notice is a notice of default.

Within 90 days after the occurrence of a default known to the trustee with respect to the notes, the trustee will give to the holders of the notes notice of all defaults with respect to the notes that are known to it, unless the defaults have been cured or waived before the giving of the notice. However, except in the case of default in the payment of principal, premium, or interest with respect to the notes, the trustee will be protected in withholding the notice if it in good faith determines that the withholding of the notice is in the interest of the holders of the notes.

Sinking fund

There will be no sinking fund payments for the notes.

Modification of the indenture

H&R Block, Block Financial and the trustee may enter into supplemental indentures without the consent of the holders of the notes for one or more of the following purposes:

- to evidence the succession of another person to Block Financial or H&R Block pursuant to the provisions of the indenture relating to consolidations, mergers, and sales of assets and the assumption by the successor of the covenants, agreements, and obligations of Block Financial or H&R Block in the indenture and in the notes;
- to surrender any right or power conferred upon Block Financial or H&R Block by the indenture, to add to the covenants of Block Financial or H&R Block with respect to the notes such further covenants, restrictions, conditions, or provisions for the protection of the holders of the notes we consider to be for the protection of such holders, and to make the occurrence, or the occurrence and continuance of a default in any of such additional covenants, restrictions, conditions or provisions a default or an event of default under the indenture with respect to the notes (provided, however, that with respect to any such additional covenant, restriction, condition or provision, the supplemental indenture may provide for a period of grace after default, which may

TABLE OF CONTENTS

be shorter or longer than that allowed in the case of other defaults, may provide for an immediate enforcement upon the occurrence of the default, may limit the remedies available to the trustee upon the occurrence of the default, or may limit the right of holders of a majority in aggregate principal amount of the notes to waive the default);

- to cure any ambiguity or to correct or supplement any provision contained in the indenture, in any supplemental indenture, or in the notes that may be defective or inconsistent with any other provision contained in the indenture, in any supplemental indenture or in the notes;
- to convey, transfer, assign, mortgage, or pledge any property to or with the trustee, or to make such other provisions in regard to matters or questions arising under the indenture as do not adversely affect the interests of any holders of notes;
- to modify or amend the indenture to permit the qualification of the indenture or any supplemental indenture under the Trust Indenture Act as then in effect;
- to add or change any of the provisions of the indenture to change or eliminate any restrictions on the payment of principal, premium, if any, or interest with respect to registered notes so long as any such action does not adversely affect the interest of the holders of the notes in any material respect or permit or facilitate the issuance of notes in uncertificated form;
- to comply with the provisions of the indenture relating to consolidations, mergers and sales of assets;
- to add additional guarantees with respect to the notes or to secure the notes;
- to make any change that does not adversely affect the rights of any holder of notes;
- to add to, change, or eliminate any of the provisions of the indenture with respect to the notes, so long as any such addition, change or elimination not otherwise permitted under the indenture will (1) neither apply to any debt securities of any series created prior to the execution of the supplemental indenture and entitled to the benefit of such provision nor modify the rights of the holders of any such debt security with respect to such provision or (2) become effective only when there is no such debt security outstanding;
- to evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the debt securities of one or more series and add to or change any of the provisions of the indenture that are necessary to provide for or facilitate the administration of the indenture by more than one trustee; and
- to establish the form or terms of debt securities of any series.

With the consent of the holders of not less than a majority of the then outstanding principal amount of the notes, Block Financial, H&R Block and the trustee may from time to time and at any time enter into a supplemental indenture for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the indenture or of any supplemental indenture or of modifying in any manner the rights of the holders of the notes; provided that no such supplemental indenture, without the consent of each holder of notes so affected, will:

- reduce the percentage in principal amount of the notes whose holders must consent to an amendment;
- reduce the rate of or extend the time for payment of interest on the notes;
- reduce the principal of or extend the stated maturity of the notes;
- reduce the premium payable upon the redemption of the notes or change the time at which the notes may or will be redeemed;
- make the notes payable in a currency other than that stated in the notes;
- release any security that may have been granted with respect to the notes; or
- make any change in the provisions of the indenture relating to directing the trustee and waiving defaults or amendments that require unanimous consent of the holders of the notes.

H&R Block and Block Financial shall provide the trustee with an officers' certificate and an opinion of counsel each stating that any such supplemental indenture is authorized or permitted by the terms of the indenture.

Satisfaction and discharge of the indenture; defeasance

The indenture will generally cease to be of any further effect with respect to the notes if:

- we have delivered to the trustee for cancellation all notes (with certain limited exceptions); or
- all notes not previously delivered to the trustee for cancellation have become due and payable, or are by their terms to become due and payable within one year or are to be called for redemption within one year under arrangements satisfactory to the trustee for the giving of notice of redemption, and we have deposited with the trustee as trust funds the entire amount in the currency in which the notes are denominated sufficient to pay at maturity or upon redemption all of the notes, including principal and premium, if any, and interest due or to become due on such date of maturity or redemption date.

In either case, we must also pay or cause to be paid all other sums payable by us under the indenture with respect to the notes.

In addition, we have a “legal defeasance option” that generally permits us to terminate, with respect to the notes, all of our obligations under the notes and the indenture with respect to the notes. If we exercise our legal defeasance option with respect to the notes, payment of the notes cannot be accelerated because of an event of default.

We also have a “covenant defeasance option,” which if exercised with respect to the notes, modifies certain specified provisions in the indenture with respect to the notes, including modifying the covenant with respect to consolidation, merger, sale or conveyance to remove the absence of an event of default as one of the conditions under that covenant. Upon a covenant defeasance with respect to the notes, H&R Block’s and Block Financial’s obligations under the existence, payment of taxes, limitation on liens and ownership of Block Financial covenants will terminate with respect to the notes. In addition, if we exercise our covenant defeasance option with respect to the notes, payment of the notes cannot be accelerated because of certain events of default specified in the indenture, including (i) the event of default with respect to the failure on the part of H&R Block or us duly to observe or perform any covenants or agreements (other than with respect to the payment of principal, premium, if any, interest or sinking fund payments) on the part of H&R Block or us in the notes, in any resolution of the board of directors authorizing the issuance of the notes, in the indenture with respect to the notes or in the supplemental indenture with respect to the notes after a specified cure period, (ii) the event of default with respect to indebtedness of H&R Block or any Subsidiary of H&R Block not being paid within a specified cure period after final maturity or being accelerated by the holders thereof because of a default, subject to a specified monetary threshold and cure period, and (iii) the other events of default provided for in this prospectus supplement relating to the notes.

We may exercise our legal defeasance option or our covenant defeasance option with respect to the notes only if, among other things:

- we irrevocably deposit in trust with the trustee money or United States government securities for the payment of the principal, premium, if any, and interest with respect to the notes to maturity or redemption, as the case may be;
- we deliver to the trustee a certificate from a nationally recognized firm of independent accountants, nationally recognized investment bank or nationally recognized appraisal or valuation firm expressing their opinion that the payments of principal and interest when due and without reinvestment on the deposited U.S. government securities plus any deposited money without investment will provide cash at such times and in such amounts as will be sufficient to pay the principal, premium, and interest when due with respect to all the notes to maturity or redemption, as the case may be;
- 91 days after the deposit is made and during that 91-day period no default relating to the bankruptcy, insolvency, winding-up or liquidation of us or H&R Block occurs that is continuing at the end of that period;
- no event of default has occurred and is continuing on the date of the deposit and after giving effect to the deposit;
- the deposit does not constitute a default under any other agreement binding on us or H&R Block;

TABLE OF CONTENTS

- we deliver to the trustee an opinion of counsel to the effect that the trust resulting from the deposit does not constitute, or is qualified as, a regulated investment company under the Investment Company Act of 1940, as amended;
- in the event of the legal defeasance option, we deliver to the trustee an opinion of counsel stating that (i) we have received from the Internal Revenue Service a ruling, or (ii) since the date of the indenture there has been a change in the applicable Federal income tax law, in either case of the effect that, and based thereon such opinion of counsel will confirm that, the holders of notes will not recognize income, gain or loss for Federal income tax purposes as a result of such defeasance and will be subject to Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred;
- in the event of the covenant defeasance option, we deliver to the trustee an opinion of counsel to the effect that the holders of notes will not recognize income, gain or loss for Federal income tax purposes as a result of such covenant defeasance and will be subject to Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred; and
- we deliver to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance and discharge of the notes, as contemplated by the indenture, have been complied with.

The trustee will hold in trust the money or U.S. government securities deposited with it as described above and will apply the deposited money and the money from the U.S. government securities to the payment of principal, premium, if any, and interest with respect to the notes.

Additional term

The officers' certificate setting forth the terms of the notes will provide that the maintenance of properties covenant contained in the indenture will not be applicable to the notes.

It is understood and agreed that references in the indenture to the "board of directors" of Block Financial are understood to refer to its sole manager or any other individual, group or entity that carries out an equivalent role of a board of directors in the future.

Book entry

Except as set forth below, the notes will be issued in the form of one or more fully registered notes in global form without coupons (each, a “global note”). The global notes will be deposited with, or on behalf of, DTC and registered in the name of DTC or a nominee thereof.

Global notes

Pursuant to procedures established by DTC, interests in the global notes will be shown on, and the transfer of such interest will be effected only through, records maintained by DTC or its nominee with respect to interests of persons who have accounts with DTC (“participants”) and the records of participants with respect to interests of persons other than participants. Such accounts initially were designated by or on behalf of the underwriters and ownership of beneficial interests in the global notes will be limited to persons who have accounts with DTC, or participants, or persons who hold interests through participants. Holders may hold their interests in the global notes directly through DTC if they are participants in such system, or indirectly through organizations which are participants in such system. Beneficial interests in the global notes may be held through the Euroclear System, operated by Euroclear Bank SA/NV (“Euroclear”), and Clearstream Banking, S.A. (“Clearstream”) (as indirect participants in DTC).

So long as DTC or its nominee is the registered owner or holder of the notes, DTC or such nominee will be considered the sole owner or holder of the notes represented by such global notes for all purposes under the indenture. Transfers of beneficial interests in the global notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

We will make payments of the principal of, premium, if any, and interest on global notes to DTC or its nominee as the registered owner thereof. Neither we nor the trustee nor any of their respective agents will have any responsibility or liability for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations or for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global notes or for maintaining, supervising or reviewing any records relating to, or payments made on account of, beneficial ownership interests in global notes.

We expect that DTC or its nominee, on receipt of any payment of principal or interest in respect of a global note representing any notes held by it or its nominee, will immediately credit participants’ accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global note as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in such global note held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in “street name.” Such payment will be the responsibility of such participants.

Transfers between participants in DTC will be effected in accordance with DTC’s procedures and will be settled in same-day funds.

Notes that are issued as described below under “—Certificated Notes” will be issued in registered definitive form without coupons (each, a “certificated note”). Upon transfer of certificated notes, such certificated notes may, unless the global note has previously been exchanged for certificated notes, be exchanged for an interest in the global note representing the principal amount of notes being transferred.

DTC has advised us that it will take any action permitted to be taken by a holder of notes, including the presentation of notes for exchange as described below and the conversion of notes, only at the direction of one or more participants to whose account with DTC interests in the global notes are credited and only in respect of such portion of the aggregate principal amount of the notes as to which such participant or participants has or have given such direction. However, if there is an event of default under the notes, the global notes will be exchanged for legended notes in certificated form, and distributed to DTC’s participants.

Unless and until they are exchanged in whole or in part for certificated notes, the global notes may not be transferred except as a whole by DTC or its nominee or to a successor of DTC or its nominee.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, created to hold securities for its participating organizations (collectively, the “Participants”) and to facilitate the clearance

TABLE OF CONTENTS

and settlement of transactions in those securities between the Participants through electronic computerized book entry changes in accounts of its Participants. This eliminates the need for physical movement of securities certificates. The Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations (including Euroclear and Clearstream) and certain other organizations. Access to DTC's system is also available to other entities such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the "Indirect Participants"). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants. Euroclear and Clearstream will hold interests in the global notes on behalf of their participants through customers' securities accounts in their respective names on the books of their respective depositories, which are Euroclear Bank SA/ NV as operator of Euroclear, and Clearstream Banking, société anonyme, as operator of Clearstream.

DTC has also advised us that, pursuant to procedures established by it:

- (1) upon deposit of the global notes, DTC will credit the accounts of the Participants designated by the underwriters with portions of the principal amount of the global notes; and
- (2) ownership of these interests in the global notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the global notes).

The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a global note to such persons will be limited to that extent. Because DTC can act only on behalf of the Participants, which in turn act on behalf of the Indirect Participants, the ability of a person having beneficial interests in a global note to pledge such interests to persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described above, owners of beneficial interests in the global notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or "holders" thereof under the indenture for any purpose.

Payments in respect of the principal amount and accrued and unpaid interest on a global note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder of the notes under the indenture. Under the terms of the indenture, we and the trustee will treat the persons in whose names the notes, including the global notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither we, the trustee nor any of our or the trustee's agents have or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interests in the global notes or for maintaining supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the global notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised us that its current practice, upon receipt of any payment in respect of securities such as the notes, is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or us. Neither we nor the trustee will be liable for any delay by DTC or any of the Participants or the Indirect Participants in identifying the beneficial owners of the notes, and we and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

TABLE OF CONTENTS

Redemption notices shall be sent to DTC. If less than all of the notes are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Participant in the notes to be redeemed.

Redemption proceeds, distributions and interest payments on the notes will be made to DTC or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Participants' accounts upon DTC's receipt of funds and corresponding detail information from us or the agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of the Participant and not of DTC nor its nominee, agent or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions and interest payments to DTC (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of us or our agent, disbursement of the payments to Participants will be the responsibility of DTC, and disbursement of such payments to the beneficial owners will be the responsibility of Participants and Indirect Participants.

Transfers between the Participants will be effected in accordance with DTC's procedures and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Cross-market transfers between the Participants in DTC, on the one hand, and Euroclear and Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant global note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear and Clearstream.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures in order to facilitate transfers of beneficial ownership interests in the global notes among participants of DTC, Euroclear and Clearstream, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither we, nor the trustee nor any of their respective agents will have any responsibility for the performance by DTC or its Participants or Indirect Participants of their respective obligations under the rules and procedures governing their operations, including maintaining, supervising or reviewing the records relating to, or payments made on account of, beneficial ownership interests in global notes.

Certificated notes

You may not exchange your beneficial interest in a global note for a note in certificated form unless:

- (i) DTC notifies us that it is unwilling or unable to continue as depository for the global note, or DTC ceases to be a "clearing agency" registered under the Exchange Act, and in either case, we thereupon fails to appoint a successor depository within 90 days; or
- (ii) an event of default shall have occurred and be continuing with respect to the notes.

In all cases, certificated notes delivered in exchange for any global note or beneficial interests therein will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository in accordance with its customary procedures.

Concerning the trustee

We intend to appoint U.S. Bank National Association as the trustee for the notes under the indenture and as registrar, paying agent, transfer agent and authenticating agent with respect to the notes.

The trustee, in any capacity, has not participated in the preparation of this prospectus supplement nor does it make any representation or warranty as to the accuracy or validity of the information contained herein.

Material U.S. federal income tax considerations

The following is a discussion of the material U.S. federal income tax consequences of the ownership and disposition of the notes. This discussion applies only to notes that are held as a capital asset for U.S. federal income tax purposes, and is applicable only to holders who purchased the notes for cash on original issuance at their “issue price” (i.e., the first price at which a substantial amount of the notes are sold for cash to investors, excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers).

This discussion does not describe all of the tax consequences that may be relevant to you in light of your particular circumstances, including the alternative minimum tax, the Medicare tax on certain investment income and the different consequences that may apply if you are subject to special rules that apply to certain types of investors, such as:

- financial institutions;
- insurance companies;
- real estate investment trusts and regulated investment companies;
- dealers or traders subject to a mark-to-market method of accounting with respect to the notes;
- persons holding the notes as part of a “straddle,” hedge, integrated transaction or similar transaction;
- U.S. holders (as defined below) whose functional currency is not the U.S. dollar;
- certain former citizens or residents of the United States;
- pass-through entities, including entities and arrangements classified as partnerships for U.S. federal income tax purposes, and beneficial owners of pass-through entities; and
- tax-exempt entities.

If you are an entity or arrangement classified as a partnership for U.S. federal income tax purposes, the U.S. federal income tax treatment of your partners will generally depend on the status of the partners, your activities and certain determinations made at the partner level. If you are a partnership considering purchasing notes, or a partner in such a partnership, you are urged to consult your own tax advisor regarding the U.S. federal income tax consequences of owning and disposing of the notes.

This discussion is based on the Internal Revenue Code of 1986, as amended (the “Code”), Treasury regulations issued thereunder, administrative pronouncements, and judicial decisions, all as in effect or in existence as of the date of this prospectus supplement, and all of which are subject to change, possibly with retroactive effect, and to differing interpretations, which could result in U.S. federal income tax considerations different from those described herein. This discussion does not address any aspect of state, local or non-U.S. taxation, or any U.S. federal taxes other than income taxes (including the estate and gift tax) that may be relevant to you in light of your particular circumstances.

You are urged to consult your tax advisor with respect to the application of U.S. federal tax laws to your particular situation, as well as any tax consequences arising under the laws of any state, local or foreign jurisdiction.

Certain additional payments

We will be required to make payments on a note that would increase the yield on the notes in the circumstances described under “Description of notes—Change of control triggering event” and “Description of notes—Interest rate adjustment.” We intend to take the position that the possibility of such payments does not result in the notes being treated as contingent payment debt instruments under the applicable Treasury regulations. Our position is not binding on the Internal Revenue Service (“IRS”). If the IRS successfully asserts a contrary position, you may be required to accrue interest income based upon a “comparable yield” (as defined in the Treasury regulations) determined at the time of issuance of the notes, with adjustments to such accruals if and when any contingent payments are made that differ from the payments based on the comparable yield. In addition, any gain on the sale, exchange, retirement, redemption or other taxable disposition of the notes would be treated as ordinary interest income rather than as capital gain. You should consult your tax advisor regarding the tax consequences if the notes were treated as contingent payment debt instruments. The remainder of this discussion assumes that the notes are not treated as contingent payment debt instruments.

U.S. holders

This section applies to you if you are a "U.S. holder." A U.S. holder is a beneficial owner of a note that is, for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States;
- a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if (i) a court within the United States is able to exercise primary supervision over the trust's administration and one or more United States persons have the authority to control all substantial decisions of the trust or (ii) such trust has a valid election in effect under applicable Treasury regulations to be treated as a United States person.

Stated interest

Stated interest on the notes generally will be taxable to you as ordinary income at the time it is received or accrued, depending on your method of accounting for U.S. federal income tax purposes.

Sale, exchange, retirement, redemption or other taxable disposition of notes

Upon the sale, exchange, retirement, redemption or other taxable disposition of a note, you generally will recognize gain or loss equal to the difference between the amount realized upon such disposition (less any amount attributable to accrued and unpaid stated interest, which will be taxable as ordinary income as discussed above to the extent not previously included in income) and your adjusted tax basis in the note. Your adjusted tax basis in a note will, in general, be the amount paid for the note. Generally, any gain or loss will be capital gain or loss. Capital gains of non-corporate U.S. holders derived in respect of capital assets held for more than one year are eligible for reduced rates of taxation. The deductibility of net capital losses is subject to limitations.

Information reporting and backup withholding

In general, information reporting requirements will apply to payments of stated interest on the notes and the proceeds of a sale or other taxable disposition (including a retirement or redemption) of a note unless you are an exempt recipient, such as a corporation.

Backup withholding may apply to any payments described in the preceding sentence if you fail to provide a taxpayer identification number and certify that you are not subject to backup withholding or otherwise establish that you are exempt from backup withholding. Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against your U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

Non-U.S. holders

This section applies to you if you are a "non-U.S. holder." A non-U.S. holder is a beneficial owner of a note that is, for U.S. federal income tax purposes:

- a non-resident alien individual;
- a foreign corporation; or
- a foreign estate or trust.

U.S. federal withholding tax

Subject to the discussion below concerning backup withholding and FATCA, U.S. federal withholding tax will not apply to any payment of interest on the notes, provided that:

- you do not actually (or constructively) own 10% or more of the total combined voting power of all classes of H&R Block Group, Inc.'s voting stock within the meaning of the Code and the Treasury regulations;

TABLE OF CONTENTS

- you are not a controlled foreign corporation that is related, directly or indirectly, to H&R Block Group, Inc. through stock ownership; and
- you certify on a properly executed IRS Form W-8BEN or W-8BEN-E (or an applicable successor IRS form), under penalties of perjury, that you are not a United States person as defined under the Code.

Interest payments that are effectively connected with the conduct of a trade or business by you within the United States (and, where an applicable tax treaty so requires, are also attributable to a U.S. permanent establishment maintained by you) are not subject to the U.S. federal withholding tax (provided the certification requirement discussed below is satisfied), but instead are subject to U.S. federal income tax, as described below.

If you cannot satisfy the requirements described above, payments of interest will be subject to a 30% U.S. federal withholding tax unless a tax treaty provides for a reduction of or exemption from such tax or the interest payments are not subject to withholding because they are effectively connected with your conduct of a trade or business in the United States. To claim any exemption from or reduction of the 30% withholding tax, you should provide (i) a properly executed IRS Form W-8BEN or W-8BEN-E (or an applicable successor IRS form) claiming a reduction of or an exemption from withholding tax under an applicable tax treaty or (ii) a properly executed IRS Form W-8ECI stating that such payments are not subject to withholding tax because they are effectively connected with your conduct of a trade or business in the United States.

Subject to the discussion below concerning backup withholding and FATCA, the payment of principal and gain recognized upon a sale, exchange, retirement, redemption or other taxable disposition of a note (other than any amount representing accrued but unpaid stated interest, which is treated as described immediately above) generally will not be subject to U.S. federal withholding tax.

U.S. federal income tax

Except for the possible application of U.S. federal withholding tax (as described above) and backup withholding and FATCA withholding (as described below), payments of stated interest on your notes and any gain realized from (or accrued interest treated as received in connection with) the sale, exchange, retirement, redemption or other taxable disposition of your notes generally will not be subject to U.S. federal income tax unless:

- in the case of gain, you are an individual who is present in the United States for 183 days or more in the taxable year of the sale or other disposition of your notes and certain other conditions are met (in which case, unless an applicable income tax treaty provides otherwise, you will generally be subject to a 30% U.S. federal income tax on any gain recognized, which may be offset by certain U.S.-source losses); or
- such interest or gain is effectively connected with your conduct of a trade or business in the United States (and, where an applicable tax treaty so requires, is also attributable to a U.S. permanent establishment maintained by you).

If you are engaged in a trade or business in the United States and interest or gain on the notes is effectively connected with the conduct of such trade or business (and, where an applicable tax treaty so requires, is also attributable to a U.S. permanent establishment maintained by you), you will be subject to U.S. federal income tax (but not U.S. withholding tax assuming, in the case of interest, a properly executed IRS Form W-8ECI is provided) on such interest or gain on a net income basis, generally in the same manner as if you were a U.S. holder (see “—U.S. holders” above). In addition, in certain circumstances, if you are a foreign corporation you may be subject to a branch profits tax equal to 30% (or, if a tax treaty applies, such lower rate as provided) of your effectively connected earnings and profits, subject to adjustments.

Information reporting and backup withholding

Generally, information reporting requirements will apply to the amount of interest paid to you and the amount of tax, if any, withheld with respect to those payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which you reside under the provisions of an applicable tax treaty or other intergovernmental agreement.

Unless a non-U.S. holder complies with certification procedures to establish that it is not a United States person as defined under the Code, information returns may be filed with the IRS in connection with the proceeds from a sale

[TABLE OF CONTENTS](#)

or other disposition of the notes and the non-U.S. holder may be subject to backup withholding on payments on the notes or on the proceeds from a sale or other disposition of the notes. The certification procedures required to claim the exemption from withholding tax on interest described above will satisfy the certification requirements necessary to avoid backup withholding as well.

The amount of any backup withholding from a payment to a non-U.S. holder will be allowed as a credit against the non-U.S. holder's U.S. federal income tax liability and may entitle the non-U.S. holder to a refund, provided that the required information is timely furnished to the IRS.

FATCA withholding taxes

Provisions commonly referred to as "FATCA" impose U.S. federal withholding tax at a rate of 30% on payments of U.S.-source interest (including interest paid on the notes) to "foreign financial institutions" (which is broadly defined for this purpose and in general includes investment vehicles) and certain other non-U.S. entities unless various U.S. information reporting and due diligence requirements (generally relating to ownership by United States persons of interests in or accounts with those entities) have been satisfied or an exemption applies, which is typically evidenced by delivery of a properly executed IRS Form W-8BEN-E. An intergovernmental agreement between the United States and the entity's jurisdiction may modify these requirements.

While withholding under FATCA would also have applied to payments of gross proceeds from the sale or other disposition of the notes, proposed Treasury regulations eliminate FATCA withholding on payments of gross proceeds entirely. Although these Treasury regulations are not final, the preamble to these Treasury regulations indicates that taxpayers may rely on them pending their finalization.

Under the terms of the notes, we are not obligated to and we will not pay any additional amounts if FATCA withholding applies. If FATCA withholding is imposed, a beneficial owner that is not a foreign financial institution generally will be entitled to a refund of any amounts withheld by filing a U.S. federal income tax return (which may entail significant administrative burden). Prospective purchasers should consult their tax advisors regarding the effects of FATCA on their investment in the notes.

The preceding discussion of certain material U.S. federal income tax considerations is for general information only and is not tax advice. Accordingly, you should consult your tax advisors as to particular tax consequences to you of holding and disposing of the notes, including the applicability and effect of any foreign, state, local or other tax laws, and of any pending or subsequent changes in applicable laws.

Certain ERISA considerations

The following is a summary of certain considerations associated with the purchase and, in certain instances, holding of the notes by (i) employee benefit plans subject to Title I of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), (ii) plans described in Section 4975 of the Code which are subject to Section 4975 of the Code (including an individual retirement account ("IRA") and a Keogh plan) or provisions under other U.S. or non-U.S. federal, state, local or other laws or regulations that are similar to the fiduciary responsibility or prohibited transaction provisions of Title I of ERISA or Section 4975 of the Code (collectively, "Similar Laws"), and (iii) entities whose underlying assets are considered to include "plan assets" (within the meaning of regulations issued by the U.S. Department of Labor (the "DOL"), set forth in 29 C.F.R. Section 2510.3-101, as modified by Section 3(42) of ERISA (the "DOL Plan Asset Regulations") of any such plan, account or arrangement (each of the foregoing described in clause (i), (ii) and (iii) referred to herein as a "Plan").

General fiduciary matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code (each, a "Covered Plan") and prohibit certain transactions involving the assets of a Covered Plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises discretionary authority or control over the administration of a Covered Plan or the management or disposition of the assets of a Covered Plan, or who renders investment advice for a fee or other compensation to a Covered Plan, is generally considered to be a fiduciary of the Covered Plan.

When considering an investment in the notes with the assets of any Plan, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any Similar Laws relating to a fiduciary's duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any applicable Similar Laws.

Plan fiduciaries should consider the fact that none of the issuer, an underwriter or certain of the issuer's or underwriter's affiliates (the "Transaction Parties") is acting, or will act, as a fiduciary to any Plan with respect to the decision to purchase and/or hold the notes in connection with the initial offer and sale. The Transaction Parties are not undertaking to provide impartial investment advice or advice based on any particular investment need, or to give advice in a fiduciary capacity, with respect to such decision to purchase the note.

Prohibited transaction issues

Section 406 of ERISA and Section 4975 of the Code prohibit Covered Plans from engaging in specified transactions involving plan assets with persons or entities who are "parties in interest," within the meaning of Section 406 of ERISA, or "disqualified persons," within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code and may result in the disqualification of an IRA. In addition, the fiduciary of the Plan that engages in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and/or the Code.

The acquisition and/or holding of notes by a Covered Plan with respect to which a Transaction Party is considered a party in interest or a disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless the investment is acquired and is held in accordance with an applicable statutory, class or individual prohibited transaction exemption. Included among these statutory exemptions are Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code, which exempt certain transactions (including, without limitation, a sale and purchase of securities) between a Covered Plan and a party in interest so long as (i) such party in interest is treated as such solely by reason of providing services to the Covered Plan, (ii) such party in interest is not a fiduciary which renders investment advice, or has or exercises discretionary authority or control, with respect to the plan assets involved in such transaction, or an affiliate of any such person and (iii) the Covered Plan neither receives less than nor pays more than "adequate consideration" (as defined in such Sections) in connection with such transaction. In addition, the U.S. Department of Labor has issued prohibited transaction class exemptions ("PTCEs") that may apply to the acquisition and holding of the notes. These class exemptions include, without limitation, PTCE 84-14 respecting transactions determined by independent qualified professional asset managers, PTCE 90-1 respecting insurance company pooled separate

[TABLE OF CONTENTS](#)

accounts, PTCE 91-38 respecting bank collective investment funds, PTCE 95-60 respecting life insurance company general accounts and PTCE 96-23 respecting transactions determined by in-house asset managers. Each of the above-noted exemptions contains conditions and limitations on its application. Fiduciaries of Covered Plans considering acquiring and/or holding the notes in reliance on these or any other exemption should carefully review the exemption to assure it is applicable. There can be no assurance that all of the conditions of any such exemptions will be satisfied.

Government plans, foreign plans and certain church plans, while not subject to the prohibited transaction provisions of Section 406 of ERISA or Section 4975 of the Code, may nevertheless be subject to Similar Laws. Fiduciaries of such Plans should consult with their counsel before acquiring the notes.

Representations

Accordingly, by its acceptance of a note, each purchaser and holder of notes, and subsequent transferee of a note will be deemed to have represented and warranted that either (i) such purchaser or subsequent transferee is not, and is not using the assets of, a Plan to acquire or hold the note or (ii) the purchase and holding of a note by such purchaser or transferee does not, and will not, constitute a non-exempt prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code or a similar violation under any applicable Similar Laws.

The foregoing discussion is general in nature and is not intended to be all-inclusive. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries or other persons considering purchasing and/or holding of the notes on behalf of, or with the assets of, any Plan, consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code or any Similar Law and whether an exemption would be required. Neither this discussion nor anything provided in this prospectus is, or is intended to be, investment advice directed at any potential Plan purchasers, or at Plan purchasers generally, and such purchasers of the notes should consult and rely on their own counsel and advisers as to whether an investment in the notes is suitable for the Plan.

Underwriting

Under the terms and subject to the conditions contained in an underwriting agreement, the underwriters named below (the “underwriters”), for whom J.P. Morgan Securities LLC, BofA Securities, Inc., TD Securities (USA) LLC and U.S. Bancorp Investments, Inc. are acting as representatives (the “representatives”), have severally agreed to purchase, and we have agreed to sell to them, severally, the respective principal amount of notes set forth opposite their names below:

Underwriter	Principal amount of notes
J.P. Morgan Securities LLC	\$ 195,000,000
BofA Securities, Inc.	175,500,000
TD Securities (USA) LLC	65,000,000
U.S. Bancorp Investments, Inc.	65,000,000
PNC Capital Markets LLC	45,500,000
Truist Securities, Inc.	45,500,000
BBVA Securities Inc	14,625,000
BMO Capital Markets Corp	14,625,000
RBC Capital Markets, LLC	14,625,000
Wells Fargo Securities, LLC	14,625,000
Total	\$650,000,000

The underwriting agreement provides that the underwriters are obligated to purchase all of the notes if any are purchased.

The underwriters initially propose to offer the notes to the public at the public offering price that appears on the cover page of this prospectus supplement. In addition, the underwriters may offer the notes to selected dealers at the public offering price minus a concession of up to 0.400% of the principal amount of the notes. In addition, the underwriters may allow, and those selected dealers may reallow, a concession of up to 0.250% of the principal amount of the notes to certain other dealers. After the initial offering, the underwriters may change the public offering price and other selling terms. The underwriters may offer and sell notes through certain of their affiliates.

The aggregate proceeds to us are set forth on the cover page of this prospectus supplement before deducting our expenses in offering the notes. We estimate that we will pay approximately \$1,317,120 for expenses, excluding underwriting discounts, allocable to the offering.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments that the underwriters may be required to make in respect thereof.

The following table shows the underwriting discounts that we will pay to the underwriters in connection with this offering of notes (expressed as a percentage of the principal amount of the notes):

	Paid by Block Financial LLC
Per note	<u>0.650%</u>

We have agreed for a period from the date of this prospectus supplement through and including the issue date of the notes, without the prior written consent of the representatives, not to offer, sell, contract to sell or otherwise dispose of any debt securities that are issued or guaranteed by us and that have a tenor of more than one year.

The notes are a new issue of securities with no established trading market. The underwriters have informed us that they intend to make a secondary market in the notes. However, they are not obligated to do so, and they may discontinue any such market making activity at any time without notice. No assurance can be given as to how liquid the trading market for the notes will be.

TABLE OF CONTENTS

In connection with the offering, the underwriters may engage in transactions that stabilize the market price of the notes. Such transactions consist of bids or purchases to peg, fix or maintain the price of the notes. If the underwriters create a short position in the notes in connection with the offering, i.e., if they sell more notes than are listed on the cover page of this prospectus supplement, the underwriters may reduce that short position by purchasing notes in the open market. Purchases of a security to stabilize the price or to reduce a short position may cause the price of the notes to be higher than it might be in the absence of these purchases.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Certain relationships

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us. They have received customary fees and commissions for these transactions. An affiliate of J.P. Morgan Securities LLC is the administrative agent, issuing bank, swingline lender and a lender, J.P. Morgan Securities LLC is a joint lead arranger and joint book manager, an affiliate of BofA Securities, Inc. is a co-syndication agent and a lender, BofA Securities, Inc. is a joint lead arranger and joint book manager, an affiliate of TD Securities (USA) LLC is a co-syndication agent and a lender, TD Securities (USA) LLC is a joint leader arranger and joint book manager, and an affiliate of U.S. Bancorp Investments, Inc. is a co-syndication agent, a lender, a joint lead arranger and joint book manager under our existing credit facility. An affiliate of U.S. Bancorp Investments, Inc. is acting as trustee in connection with the notes and will receive, for these services, a customary fee. Furthermore, certain other underwriters and/or their affiliates are agents or lenders under our existing credit facility. In addition, some of the underwriters or their affiliates may hold our 4.125% notes due 2020. As a result, they may receive a portion of the offering proceeds.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the issuer. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

trading venue (exchange or multilateral trading facility) in Switzerland. Neither this prospectus supplement nor any other offering or marketing material relating to the notes constitutes a prospectus pursuant to the FinSA, and neither this notes nor any other offering or marketing material relating to the notes may be publicly distributed or otherwise made publicly available in Switzerland.

Israel

This document does not constitute a prospectus under the Israeli Securities Law, 5728-1968, and has not been filed with or approved by the Israel Securities Authority. In Israel, this prospectus is being distributed only to, and is directed only at, qualified investors listed in the first addendum, or the Addendum, to the Israeli Securities Law. Qualified investors may be required to submit written confirmation that they fall within the scope of the Addendum. In addition, we may distribute and direct this document in Israel, at our sole discretion, to investors who are not considered qualified investors, provided that the number of such investors in Israel shall be no greater than 35 in any 12-month period.

Alternative settlement cycle

It is expected that delivery of the notes will be made against payment therefor on or about August 7, 2020, which is the third business day following the date hereof (such settlement cycle being referred to as "T+3"). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in two business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes prior to two business days before the delivery of the notes hereunder will be required, by virtue of the fact that the notes initially will settle in T+3, to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement. Purchasers of the notes who wish to trade the notes prior to two business days before the date of delivery hereunder should consult their own advisors.

Legal matters

The validity of the guarantees and the notes will be passed upon for us by Stinson LLP, Kansas City, Missouri, and for the underwriters by Simpson Thacher & Bartlett LLP, New York, New York.

FORWARD-LOOKING STATEMENTS

This prospectus, any prospectus supplement and the documents that we incorporate by reference herein and therein may contain forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. They often include words or variation of words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “commits,” “seeks,” “estimates,” “projects,” “forecasts,” “targets,” “would,” “will,” “should,” “goal,” “could,” “may” or other similar expressions.
