**H&R Block Announces Fiscal 2020 First Quarter Results**

KANSAS CITY, Mo. - H&R Block, Inc. (NYSE: HRB) today released its financial results for the fiscal 2020 first quarter ended July 31, 2019. The company normally reports a fiscal first quarter loss due to the seasonality of its tax business. The fiscal first quarter typically represents less than 5% of annual revenues and less than 15% of annual expenses.

**Fiscal First Quarter Highlights<sup>1</sup>**

- *The company completed its acquisition of Wave, a rapidly growing financial solutions platform focused on changing the way small business owners manage their finances.*
- *Fiscal first quarter financial results were in line with expectations, and the company reiterated its revenue and margin outlook for the full fiscal year.*
- *Revenues increased 4%, to \$150 million due to activity related to Wave, improved tax return volumes in both U.S. Assisted and DIY, and increased international tax preparation fees.*
- *Loss per share from continuing operations<sup>2</sup> was unchanged at \$0.72.*
- *The company repurchased and retired approximately 1.6 million shares at an aggregate price of \$44 million, or \$27.68 per share.*

"I'm delighted that Wave is now officially part of H&R Block as we accelerate our efforts to better serve small businesses," said Jeff Jones, H&R Block's president and chief executive officer. "As we begin the second year of our strategic journey, we're off to a great start with momentum from last year driving improved tax results in the preseason. I'm excited as we build on our strong performance and learnings from fiscal 2019 to deliver our objectives for fiscal 2020."

<sup>1</sup> All amounts in this release are unaudited. Unless otherwise noted, all comparisons refer to the current period compared to the corresponding prior year period.

<sup>2</sup> All per share amounts are based on fully diluted shares at the end of the corresponding period.

## Fiscal 2020 First Quarter Results From Continuing Operations

(in millions, except EPS)

	Q1 FY2020		Q1 FY2019	
<b>Revenue</b>	\$	150	\$	145
<b>Pretax Loss</b>	\$	(207)	\$	(199)
<b>Net Loss</b>	\$	(146)	\$	(149)
<b>Weighted-Avg. Shares - Diluted</b>		202.0		207.7
<b>EPS<sup>2</sup></b>	\$	(0.72)	\$	(0.72)
<b>EBITDA<sup>3</sup></b>	\$	(147)	\$	(137)

"Our fiscal first quarter results were consistent with our expectations and reflect the seasonality of our business, as well as investments related to our enterprise strategy," said Tony Bowen, H&R Block's chief financial officer. "I'm pleased with the progress we are making on our strategy, and we remain on track to achieve our revenue and margin outlook for the fiscal year."

### Key Financial Metrics

- Fiscal first quarter results were in line with expectations.
- Total revenues increased \$5.2 million, or 3.6%, to \$150.4 million due to activity related to Wave, improved tax return volumes in both U.S. Assisted and DIY, and increased international tax preparation fees. These revenues were partially offset by a change in the timing of revenue recognition related to the Peace of Mind<sup>®</sup> Extended Service Plan.
- Total operating expenses increased \$18.2 million, or 5.6%, to \$345.5 million due to planned increases in compensation and other expenses. These increases primarily resulted from investments related to our technology roadmap and Wave, and were partially offset by lower depreciation and amortization expense.
- Pretax loss increased \$8.3 million, or 4.2%, to \$207.1 million, while loss per share from continuing operations was unchanged at \$0.72. The change in pretax loss, along with lower shares outstanding impacted loss per share. While beneficial on a full-year basis, the lower share count negatively impacts EPS in quarters in which the company reports a loss. These impacts were offset by an increased tax benefit.

### Share Repurchases and Dividends

- During the first quarter of fiscal 2020, the company repurchased and retired approximately 1.6 million shares at an aggregate price of \$44.1 million, or \$27.68 per share.
- As previously announced, a quarterly cash dividend of \$0.26 per share is payable on October 1, 2019 to shareholders of record as of September 13, 2019. H&R Block has paid quarterly dividends consecutively since the company went public in 1962 and has increased its dividend in each of the past four fiscal years.

### Discontinued Operations

For information on Sand Canyon, please refer to disclosures in the company's reports on Forms 10-K, 10-Q, and other filings with the SEC.

<sup>3</sup> The company reports non-GAAP financial measures of performance, including earnings before interest, tax, depreciation, and amortization (EBITDA) from continuing operations, EBITDA margin from continuing operations, and free cash flow, which it considers to be useful metrics for management and investors to evaluate and compare the ongoing operating performance of the company. See "About Non-GAAP Financial Information" below for more information regarding financial measures not prepared in accordance with generally accepted accounting principles (GAAP).

## About Non-GAAP Financial Information

This press release and the accompanying tables include non-GAAP financial information. For a description of these non-GAAP financial measures, including the reasons management uses each measure, and reconciliations of these non-GAAP financial measures to the most directly comparable financial measures prepared in accordance with generally accepted accounting principles, please see the section of the accompanying tables titled "Non-GAAP Financial Information."

## Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the securities laws. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. They often include words or variation of words such as "expects," "anticipates," "intends," "plans," "believes," "commits," "seeks," "estimates," "projects," "forecasts," "targets," "would," "will," "should," "goal," "could" or "may" or other similar expressions. Forward-looking statements provide management's current expectations or predictions of future conditions, events or results. All statements that address operating performance, events or developments that we expect or anticipate will occur in the future are forward-looking statements. They may include estimates of revenues, client trajectory, income, effective tax rate, earnings per share, cost savings, capital expenditures, dividends, share repurchases, liquidity, capital structure, market share, industry volumes or other financial items, descriptions of management's plans or objectives for future operations, products or services, or descriptions of

assumptions underlying any of the above. All forward-looking statements speak only as of the date they are made and reflect the company's good faith beliefs, assumptions and expectations, but they are not guarantees of future performance or events. Furthermore, the company disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions, factors, or expectations, new information, data or methods, future events or other changes, except as required by law. By their nature, forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. Factors that might cause such differences include, but are not limited to a variety of economic, competitive and regulatory factors, many of which are beyond the company's control, that are described in our Annual Report on Form 10-K for the fiscal year ended April 30, 2019 in the section entitled "Risk Factors" and additional factors we may describe from time to time in other filings with the Securities and Exchange Commission. You may get such filings for free at our website at <http://investors.hrblock.com>. In addition, factors that may cause the company's actual estimated effective tax rate to differ from estimates include the company's actual results from operations compared to current estimates, future discrete items, changes in interpretations and assumptions the company has made, and future actions of the company. You should understand that it is not possible to predict or identify all such factors and, consequently, you should not consider any such list to be a complete set of all potential risks or uncertainties.

## NON-GAAP FINANCIAL INFORMATION

Non-GAAP financial measures should not be considered as a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. Because these measures are not measures of financial performance under GAAP and are susceptible to varying calculations, they may not be comparable to similarly titled measures for other companies.

We consider our non-GAAP financial measures to be performance measures and a useful metric for management and investors to evaluate and compare the ongoing operating performance of our business.

We may consider whether other significant items that arise in the future should be excluded from our non-GAAP financial measures.

We measure the performance of our business using a variety of metrics, including earnings before interest, taxes, depreciation and amortization (EBITDA) from continuing operations, EBITDA margin from continuing operations, and free cash flow. We also use EBITDA from continuing operations and pretax income of continuing operations, each subject to permitted adjustments, as performance metrics in incentive compensation calculations for our employees.
