Item 1.01. Entry into a Material Definitive Agreement

On December 15, 2006, Option One Mortgage Corporation (“OOMC”), a wholly owned subsidiary of H&R Block, Inc. (the “Company”), caused Option One Owner Trust 2001-2 (the “Trust”) to enter into Amendment Number Nine to the Amended and Restated Indenture dated as of November 25, 2003 between the Trust and Wells Fargo (the “BofA Amendment”).

The purpose of the BofA Amendment was to extend the term of OOMC’s off-balance sheet financing arrangement with BofA to fund daily non-prime originations through March 15, 2007 (the “BofA Warehouse Facility”).

The BofA Warehouse Facility provides funding totaling \$4,000,000,000 and bears interest at one-month LIBOR plus additional margin rates. The BofA Warehouse Facility is subject to various OOMC performance triggers, limits and financial covenants. These triggers, limits and covenants include a tangible net worth ratio, capital adequacy test, net income test and cross-default features in which a default under other arrangements to fund daily non-prime originations would trigger a default under the BofA Warehouse Facility. In addition, the BofA Warehouse Facility permits BofA at any time to require the Trust to redeem specified borrowed amounts outstanding under the BofA Warehouse Facility.

Under the BofA Warehouse Facility, non-prime loans originated by OOMC are sold daily to the Trust, which utilizes the BofA Warehouse Facility to purchase the loans. The Trust subsequently sells the loans directly to third-party investors or back to OOMC to pool the loans for securitization, as directed by its third-party beneficial interest holders. The decision to complete a whole loan sale or a securitization is dependent on market conditions. See “Off-Balance Sheet Financing Arrangements” in Item 7 of the Company’s Form 10-K for the fiscal year ended April 30, 2006.

Certain parties to the BofA Warehouse Facility have other relationships with the Company or its affiliates. BofA and an affiliate of Wells Fargo are lending parties pursuant to two \$1,000,000,000 revolving credit facilities maintained by Block Financial Corporation (“BFC”), as borrower, and the Company, as guarantor, with various lenders.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth under Item 1.01 of this report on Form 8-K is incorporated in this Item 2.03 by reference.

Pursuant to the BofA Warehouse Facility, OOMC provides a guarantee up to a maximum of approximately 10% of the aggregate principal balance of mortgage loans held by the Trust before ultimate disposition. This guarantee would be called upon if the sale of mortgage loans did not generate adequate proceeds to satisfy the Trust’s current or ultimate payment obligations. The maximum potential undiscounted amount of future payments that OOMC may be required to make pursuant to this guarantee would be approximately \$400,000,000.
